

Central Vermont Regional Planning Commission

TRANSPORTATION ADVISORY COMMITTEE

Tuesday, January 26, 2016, 7 p.m.

Central Vermont Regional Planning Commission Office
29 Main St., Suite 4, Montpelier (see Location Map)

AGENDA

1. **Introductions**
2. **Adjustments to the Agenda**
3. **Barre Town VT 110 / Mill St. Intersection Presentation**

VTrans is designing a reconfiguration to this intersection, into a T intersection. This area was first studied by the Town and CVRPC in 2001, which led to the building of the adjacent roundabout at VT 110 & US 302.

4. **Approve October TAC Minutes (attached) Possible Action Item.**
5. **Prioritize District Leveling Projects Possible Action Item.**

VTrans has asked the RPC's to prioritize District Leveling Projects. They have supplied each Region with a list with a Statewide Project Rank. This rank is calculated from the Pavement Asset Management System. The rank will be adjusted with the input from RPC's and the Districts. Attached is a map, showing the 2014 Pavement Condition, with stars indicating the project starting and ending points. Also included is a future projects map, and a high crash location map. The final projects VTrans selects will be done over the next 1-2 years.

6. **Changes to the FY 2017 Vermont Better Roads Program.**

There have been some changes to the program that include additional categories, increased funding, and inclusion of paved roads. If you need an application, contact staff.

7. **Future TAC Meeting Topics**
