WELCOME LETTER

Welcome to the Central Vermont Regional Planning Commission!

We are pleased that you want to work with our team. You were hired because we feel you will be a positive addition to our organization and we are confident that you will enjoy working with our highly talented and professional staff.

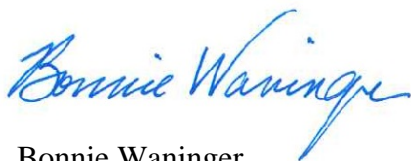

We want you to find your work rewarding and stimulating. Our wish is to create a work environment that develops and advances your skills while meeting the Commission's service and leadership needs. We hope that you will have a long-term relationship with our organization.

Central Vermont Regional Planning Commission (CVRPC) can achieve such success only through quality staff. The Commission and staff are a team, working together with Central Vermont's municipalities and stakeholders to plan for the future well being of the region.

Within this partnership, Commissioners are responsible for CVRPC's policies and governance, while staff provide the research, advice, and implementation necessary to accomplish CVRPC's mission and goals. The Commission respects the opinions of staff members and acknowledges that staff are professionals and the experts in the field. We welcome and value your input.

This manual provides an overview of our personnel benefits, programs and policies. After reading the material, please feel free to talk to us if you have any questions, now or throughout your employment.

Thank you, and once again, welcome to the team!

Bonnie Waninger
CVRPC Executive Director

**CENTRAL VERMONT REGIONAL PLANNING COMMISSION
PERSONNEL POLICY MANUAL**

ACKNOWLEDGMENT FORM

I have received a copy of the Central Vermont Regional Planning Commission *Personnel Policy Manual*. It is my responsibility to read it and be familiar with these policies and to conduct myself in accordance with them.

These policies and the provisions contained herein do not constitute a contract of employment in whole or in part.

This manual may be changed, amended, or supplemented at any time, with or without notice. Such changes will supersede these policies, although it is the practice of CVRPC to confer with staff in advance of any major changes.

CVRPC reserves the right to add, amend or delete any benefits or policy stated herein, except as otherwise committed to by formal agreement. CVRPC employees will be notified of changes or updates to this *Personnel Policy Manual*.

CENTRAL VERMONT REGIONAL PLANNING COMMISSION PERSONNEL POLICY MANUAL

1.0 INTRODUCTION

1.1 Purpose

This document summarizes the human resources policies and procedures that apply to all employees of the Central Vermont Regional Planning Commission (CVRPC). These policies highlight the programs developed to benefit employees and outline employee opportunities and responsibilities.

These policies apply to all regular full-time, part-time, probationary and, in some cases, temporary employees. Temporary employees, as well as contractors and volunteers working on premises, are subject to the standards of conduct as outlined in this manual.

These *Personnel Policies*, and the provisions herein, do not constitute a contract of employment in whole or in part. They do not guarantee employment with the CVRPC for any specific duration. Although we hope that your employment relationship with CVRPC will be long-term, each employee is an employee-at-will. This means that either you or CVRPC may terminate this relationship at any time, for any reason, with or without cause or notice.

Upon their adoption, these personnel policies supersede any and all past personnel policies or other employee understandings or standards, written or verbal, expressed or implied. CVRPC reserves the right to add, amend or delete any benefits or policies described herein, except as otherwise committed to by formal written agreement.

1.2 Authority to Adopt and Amend

The CVRPC Personnel Policy Manual may be amended at the discretion of the Executive Committee, and will be reviewed annually to assure that these policies are practical and in line with current procedures. Failure to review annually will not invalidate these policies. Before action by the Executive Committee, proposed changes to this Manual will be provided to employees through the Executive Director. Upon adoption by the Executive Committee, these policies supersede all others previously in effect. Adopted amendments become effective upon adoption. Each employee will need to sign an Employee Acknowledgment Form upon receipt of the changes.

1.3 Administration of Policies

CVRPC delegates administration of these policies to the Executive Director. The Executive Committee administers policies directly related to the Executive Director. The Executive Committee may direct the CVRPC Chair or Vice Chair to act on its behalf in implementing these policies as they pertain to the Executive Director.

1.4 Severability

If any provision of this Personnel Policy Manual or the application hereof to any person or a circumstance(s) is held invalid, this invalidity does not affect other provisions or applications of the personnel policies in this manual. For this purpose, these personnel policies are severable.

#

2.0 EMPLOYMENT

2.1 Equal Opportunity Employer

CVRPC is committed to providing fair and equal opportunity for employment and advancement to all employees and potential employees at CVRPC. All employment decisions will be made on the basis of qualifications, merit and competence. Employment practices will not be influenced nor affected by an individual's race, color, national origin, place of birth, religion, gender, gender identity, sexual orientation, age, marital status, veteran status, handicap status, genetic testing results, physical or mental disability, HIV status, or any other characteristic protected by state or federal law.

Any member of the organization may raise concerns related to employment opportunity or perceived acts of discrimination at any time, in strict confidence and without fear of reprisal, in writing to the Executive Director. If the Executive Director is the subject of any discrimination claim, the employee may raise concerns directly to the Chair of CVRPC. Please see Section 11.1, Discrimination Policy in this Manual for further information.

2.2 Employee Classifications

Employee classifications are determined under the Fair Labor Standards Act, as defined by federal regulations (29 C.F.R. §541). The classifications most relevant to CVRPC are “exempt” and “nonexempt.”

Exempt Employees – “Exempt Employees” perform executive, professional, or administrative functions and are compensated on a salary basis at or above a minimum threshold. Exempt employees are not covered by the Fair Labor Standards Act overtime pay provisions.

Nonexempt Employees – “Nonexempt Employees” are not “exempt employees.” Nonexempt employees are required by the Fair Labor Standards Act to be paid overtime or provided compensatory time at a rate of one and one-half times the hours worked beyond the standard work week.

The Executive Director is responsible for determining whether an employee is considered “exempt” or “nonexempt” under the Fair Labor Standards Act. See Section 3.8, Compensatory Time and Overtime, for further information on overtime policies.

2.3 Employment Categories

Regular Full-Time Employees – Regular full-time employees are scheduled to work forty (40) hours per week. Regular full-time employees are subject to all CVRPC's policies and receive all benefits provided by CVRPC, subject to the eligibility requirements and other terms and conditions of the various benefit plans.

Regular Part-Time Employees – Regular part-time employees are scheduled to work less than the normal 40-hour week. Regular part-time employees are subject to all CVRPC policies. Regular part-time employees who work twenty (20) or more hours per week receive the benefits provided by CVRPC on a pro-rated basis, subject to the eligibility requirements and other terms and conditions of the various benefit plans. Regular part-time employees who work fewer than 20 hours per week do not receive benefits.

Temporary Employees – Interim replacements, interns, and temporary supplements to the work force are considered temporary employees. A temporary employee may be either full-time or

#

part-time. Assignments in this category are of a limited duration, usually less than a year. Continued employment of a temporary employee beyond any initially stated period does not imply a change in employment status. At the discretion of the Executive Director, a temporary employee may be eligible to receive all or a portion of the benefit package subject to the terms, conditions and limitations of each benefit program.

2.4 Employment Authority

Executive Director – The Executive Committee, is responsible for reviewing applications for the position of Executive Director. The Executive Committee will recommend a qualified candidate for approval and action by the Commission.

Staff – Authority to employ all other staff will be delegated to the Executive Director, within the number of positions and budget approved by the Executive Committee.

2.5 Job Opportunity

It is the goal of CVRPC to establish a system through which eligible employees may investigate, apply for, and be considered for, job opportunities within the organization.

2.6 Employment Procedures

Executive Director – The Executive Committee will appoint a Search Committee to screen applicants and recommend a limited number of qualified finalist candidates to the Executive Committee. The Search Committee may include members who are not on the Executive Committee, such as other Commissioners or staff. The Executive Committee will review the finalist applications, check references, select candidates for interviews, and will allow staff to meet and provide feedback on the interviewed candidates. The Executive Committee will make the final recommendation for the position to the full Commission. Approval by the full Commission is required before the Executive Committee can hire the Executive Director. Conditions of employment, salary, benefits and any perquisites will be established by the Executive Committee and may differ from those provided to other staff members.

Staff – All vacancies for new positions not filled by promotion or recall from layoff, will be circulated within the Commission and simultaneously posted and advertised. The Executive Director will post and advertise the position, receive written applications, and solicit references. The Executive Director will conduct a personal interview with as many qualified applicants as he or she deems necessary, at which time other pertinent documents may be requested or offered. The Executive Director may delegate employment screening to specific program managers or senior staff, but must approve selections prior to hiring.

2.7 Offer of Employment

Offers of employment for staff positions will be made by the Executive Director. Offers of employment for the Executive Director position will be made by the CVRPC Chair. All offers of employment will be made in writing on CVRPC letterhead and include the beginning date of employment, starting salary, benefits provided, general job description and any other pertinent information. This *Personnel Policy Manual* will be a part of all employment offers, and a copy will be included with the offer of employment letter.

Written acceptance of the offer and terms of employment must be on file, along with the Personnel Policies Manual Employee Acknowledgment Form, a completed IRS W-4 form and any other required forms. Proof of citizenship or legal immigration status is required of all new

#

employees, in conformance with federal law. Failure to provide such proof will result in non-hiring or immediate dismissal.

2.8 Probationary Period

The purpose of a probationary period is to provide time for CVRPC to assess whether a new employee is a good match with the position and the needs of the organization.

Newly-hired employees for regular full-time, regular part-time or temporary employment for over one year will be considered probationary until they have successfully completed six (6) months of work from the start date of employment. A probationary employee may be terminated at any point during the probationary period. Continued employment after the probationary period is at the discretion of CVRPC.

Before the end of the probationary period, the Executive Director will conduct an initial performance appraisal. The Executive Director will meet with the employee to discuss the appraisal, including recommendations towards improving the employee's performance where appropriate. Results of the initial performance appraisal will be documented, including the Executive Director's indication as to whether the employee has successfully completed the probationary period. A copy of the performance appraisal will be provided to the employee and a copy added to the employee's personnel file.

If, in the judgment of the Executive director, a probationary period does not allow sufficient time to thoroughly evaluate an employee's performance, the probationary period may be extended by written notification.

2.9 Job Descriptions and Wage Ranges

CVRPC's job descriptions define the general duties, responsibilities and outcomes needed from employee performance in each position. Job descriptions consist of two components: a description of duties related to the assigned major areas of work, and a description of performance expectations for each position level.

The job descriptions are an important element of the performance development and evaluation process. An employee must demonstrate that the necessary knowledge, skills and abilities have been acquired, and the characteristic duties can be successfully performed before being promoted to a higher position.

Progression within positions is characterized generally by:

- Increasingly complex knowledge of one or more planning disciplines or, in the case of non-planning positions, by increasingly complex knowledge in the position's field;
- Increasingly complex knowledge of state and federal laws;
- The ability to tailor implementation tools to increasingly complex projects and programs; and
- The ability to manage increasingly complex work groups.

The job descriptions encourage employees to grow within their position and contribute increasingly over time to the Commission. An employee's job is subject to change for personal growth, the Commission's organizational development, and/or evolution of new technologies.

The Executive Committee, in consultation with the Executive Director, will adopt job descriptions and wage ranges for all staff positions with the Commission. The Executive Director will periodically review compensation offered by peer organizations and other relevant

#

factors in recommending revisions of the wage ranges for consideration by the Executive Committee. The approved salary ranges are shown in Appendix B. The job descriptions are included in Appendix C.

The Executive Committee should review the job descriptions and wage ranges for all positions every two years. Failure to review every two years will not impact the validity of the job descriptions or salary ranges.

Employees may request a re-evaluation of their position's job description and/or wage range prior to their annual review. Requests for re-evaluation should be made in writing and include the employee's justification for the re-evaluation request.

2.10 Compensation

An employee's total compensation consists of salaried or hourly pay, applicable bonuses and required employer Federal Insurance Contributions Act (FICA) taxes, and all applicable benefits.

The Executive Committee will determine the compensation of the Executive Director. The Executive Director will make all other decisions regarding individual wage adjustments within the approved compensation pool budget and wage range for each position. The Executive Director will report decisions regarding salary adjustments to the Executive Committee.

As part of the annual budgeting process, the Executive Director will recommend to the Executive Committee a compensation pool for staff wage increases and bonuses, considering the results of annual staff performance evaluations, cost of living, budget considerations, and other factors.

Wage adjustments and bonuses are not guaranteed. Any increases in employee salaried or hourly wages or bonuses will be primarily based upon the Commission's ability to provide increases and employee performance as determined by the performance appraisal. Adjustments up or down in the wage range may be a factor in determining individual employee salary increases. The Executive Director may also consider market competitiveness in making appropriate individual salary adjustments.

Factors considered in determining wages may include, but are not limited to:

- The employee's qualifications for the position;
- The employee's demonstrated knowledge and skills;
- The employee's demonstrated performance; and/or
- Market factors, including salary premiums for special knowledge or technical skills.

Bonuses recognize one-time achievements or special efforts that support CVRPC's organizational capacity and/or program excellence. Bonuses are intended to supplement, but not be an ongoing component of, wages.

3.0 GENERAL WORK CONDITIONS

3.1 Work Hours

The office will be open to the public for business from 8:30 am to 5:00 pm, Monday through Friday, with the exception of designated holidays.

Regular work hours consist of a 40-hour workweek, 8 hours per day, Monday through Friday. The 40-hour work week includes time worked at the CVRPC offices, time spent at work-related meetings and activities outside the CVRPC offices, travel to and from said meetings and

#

activities, and approved time worked while telecommuting. Employees may be required to work extra hours to ensure satisfactory completion of their assigned tasks.

Subject to coordination and approval by the Executive Director, each staff member may work a flexible schedule between the hours of 8:00 am and 6:00 pm that will allow for the completion of their workday hours. However, all employees are expected to be at work during the core hours of 9:00 am to 4:00 pm unless other arrangements have been made between the employee and the Executive Director. The Executive Director may require a staff member to attend meetings and events scheduled at times other than CVRPC office hours and at locations other than at the CVRPC office.

The workweek will be defined to begin at 12:01 am on Saturday and end at midnight on the next consecutive Saturday.

3.2 Weather Closure

In the event of a serious weather event that results in the closure of state government offices in Montpelier, CVRPC's office will also be closed. The Executive Director, or designee, will attempt to communicate this closure by email, telephone or text to all employees. In the event that inclement road conditions are forecast, staff may elect to use flexible scheduling for that day, with notice to the Executive Director. VT Alert provides advance alerts of significant weather events.

3.3 Flexible Working Arrangements

In accordance with 21 V.S.A Section 309, employees may request flexible working arrangements. The law does not change existing legal rights of employers and employees to create, terminate, or modify flexible working arrangements. Instead it provides the framework for meaningful dialogue about whether such arrangements would work for both parties.

As used in this policy, "flexible working arrangement" means intermediate or long-term changes in the employee's regular working arrangements, including changes in the number of days or hours worked, changes in the time the employee arrives at or departs from work, work from home, or job-sharing. "Flexible working arrangement" does not include vacation, routine scheduling of shifts, or another form of employee leave.

Employees should make a request for flexible work arrangements to the Executive Director. The request should be as specific as possible, and employees should be prepared to discuss how the arrangement would still allow the employer to meet business needs.

The Executive Director will discuss a request for a flexible working arrangement with the employee in good faith. The Executive Director and the employee may propose alternative arrangements during the discussion. The Executive Director will consider an employee's request for a flexible working arrangement and whether the request could be granted in a manner that is not inconsistent with its business operations or its legal or contractual obligations.

As used in this policy, "inconsistent with business operations" includes:

- Additional cost burdens on CVRPC;
- A detrimental effect on aggregate employee morale, unrelated to discrimination or other unlawful employment practices;

#

- A detrimental effect on the ability of CVRPC to meet grant, contract and/or customer service demands;
- An inability to reorganize work among existing staff;
- An inability to recruit additional staff;
- A detrimental impact on business quality or business performance;
- An insufficiency of work during the periods the employee proposes to work; and
- Planned structural changes to the business.

The Executive Director will notify the employee of the decision regarding the request for flexible work arrangements. If the request was submitted in writing, the Executive Director will state any complete or partial denial of the request in writing.

CVRPC will not retaliate against an employee for exercising his or her rights under this policy and applicable Vermont law.

3.4 Reporting Absences

Employees should report their absence from work due to illness or injury to either the Executive Director or the Office Manager. This will be done at the start of a regularly scheduled workday, but not later than 9:00 am if possible. Unless there are extenuating circumstances, failure to report within this period can be considered justification for disallowing paid leave for that day. In the event of such extenuating circumstances, the employee, family member, or other person should notify the Executive Director as soon as possible.

3.5 Lunch Break

Employees are allowed one (1) hour per day for lunch, generally between 11:30 and 1:30 pm. The Executive Director may require lunch periods to be scheduled so that adequate personnel are on duty throughout the normal office hours.

All employees are encouraged to take their full lunch break. Employees will not generally be asked to perform work tasks during their lunch break. Unless actual work tasks are being performed, the lunch break is not time worked for timesheet purposes.

3.6 Time Sheets and Supporting Documentation

CVRPC uses time sheets and supporting documentation to track staff time spent on projects and activities. Time sheets and supporting documentation provide the basis for:

- Tracking project activities and progress milestones;
- Managing project costs and budgets;
- Invoicing clients and agencies for billable projects;
- Justifying contract or grant management and invoicing when CVRPC is audited;
- Managing and balancing staff workloads;
- Tracking staff time worked for payroll purposes; and
- Tracking staff sick time, vacation time and compensatory time.

It is important that all employees prepare their timesheets and supporting documentation to accurately reflect what projects were worked on, how much time was spent on each project, and what was done or accomplished. Employees must record all time worked; this is important to ensure compliance with CVRPC grants and contracts.

#

Timesheets and supporting documentation will be prepared in accordance with the following guidelines:

1. Employees will record their time on a CVRPC-approved timesheet and provide descriptions of what was done in the supporting documentation;
2. Each timesheet will reflect all hours worked during the pay period (time actually spent on the job performing assigned duties);
3. Compensated absences (holidays, vacation, sick time, etc.) should be clearly identified as such;
4. Employees will prepare weekly timesheets and submit it on the following Monday (or next business day);
5. Timesheets will be signed by the employee prior to submission;
6. Completed timesheets will be reviewed and approved by the Executive Director. The Executive Director's timesheet will be reviewed and approved by the CVRPC Chair (or Vice Chair, in the Chair's absence) at least monthly.

3.7 Pay Periods

Employees will be paid every two weeks, on the Friday following the pay period. Employees may choose to have wages deposited into the employee's bank account through direct deposit. Please see the Finance/Office Manager to set up these arrangements.

3.8 Compensatory Time and Overtime

Employees are expected to participate in after hours meetings as assigned. However, all employees are encouraged to manage their time so that the normal 40-hours is not exceeded in any workweek.

The Federal Fair Labor Standards Act has different compensatory time standards for non-exempt and exempt employees:

- The law requires that non-exempt employees receive 1½ hours compensation for each hour of overtime. Governmental entities have the option of providing compensatory time in lieu of compensation. Non-exempt employees who have received permission from the Executive Director to work more than forty (40) hours in a workweek will receive 1.5 (one and a half) hours of compensatory time for each hour worked beyond 40 hours. Compensatory time may be accumulated up to 10 hours. Any overtime hours worked after ten hours of compensatory time has accumulated must be taken as overtime pay. Non-exempt employees will be paid for accumulated compensatory time at their regular rate of pay upon termination.
- The law considers an exempt employee's salary to cover all hours worked. However, it is CVRPC policy to provide exempt employees with one hour of compensatory time for each hour of overtime. Exempt employees who work evenings or weekends in addition to their regular work hours may receive compensatory time off on an equal time basis with the approval of the Executive Director. If an individual employee's compensatory time accrues to 10 hours for any reason, the employee and Executive Director will agree on a plan for taking the compensatory time. The Executive Director may require an employee to not work any overtime and cease accumulating compensatory time.

#

Compensatory time should be taken within sixty (60) days of when it is earned. An employee should inform the Executive Director when taking any compensatory time, and must inform the Executive Director in advance when taking more than eight hours of compensatory time.

Any compensatory time balance on the books as of the final pay period of the fiscal year will be paid to the employee at his or her current rate of pay. An employee leaving the employment of CVRPC will be reimbursed for any unused compensatory hours remaining at the employee's current rate of pay at the time of separation.

3.9 Travel and Expenses

Except for routine trips within the state, employees must obtain prior approval from the Executive Director for all travel. When on authorized business, employees will be reimbursed for necessary and reasonable expenses incurred for travel, accommodations, parking, tolls, meals and other incidentals. When pre-approved by the Executive Director, necessary and reasonable travel expenses of volunteers will also be reimbursed in accordance with this policy.

Employees on CVRPC business will be reimbursed for use of a privately-owned automobile at the rate set annually as appropriate by the US Government Services Administration (GSA). Mileage expenses will be reimbursed for actual business miles traveled. Employees are reminded to deduct personal miles, such as normal commute and personal errands, from total miles traveled. Requests for reimbursement of travel costs must be accompanied by a daily trip mileage record and submitted with a CVRPC expense reimbursement form.

CVRPC will pay the reasonable actual cost of lodging and auto rental based on meeting location and convention room rates, plus the actual cost of transportation, taxi fares, telephone calls and similar items incidental to and necessary for the performance of official business while in travel status. If available, discounted government or corporate rates should be used when making travel arrangements.

Meal costs incurred by employees when traveling overnight or longer for CVRPC business, whether in-state or out of state, will be reimbursed at the per diem rate prescribed by the US GSA for that location (see <http://www.gsa.gov/portal/content/104877>). For travel shorter than overnight, meals will be reimbursed at actual cost, up to the GSA meal rate for that location.

For travel of three (3) consecutive days or more, the employee may request that the per diem rate be paid in advance.

Employees participating in meetings, seminars, conventions, training or conference sessions will be reimbursed for out-of-pocket meal expenses incurred, without regard to location or meal maximum, provided the meal is a necessary part of a pre-arranged or programmed meeting in which all the participants are served from a preselected menu with no control over the cost of the meal. "Necessary" means the employee must attend the meal and the employee must pay for the meal.

All expense reports, with appropriate receipts or expense documentation, will be submitted at least monthly, by the fourth day of the month, to the Executive Director for approval prior to payment. A CVRPC officer will approve the expense reports of the Executive Director. Failure to submit expense reports on a timely basis will delay reimbursement and may result in denial of reimbursement.

#

3.10 Accommodation for Disabilities

In accordance with federal guidelines of the Americans with Disabilities Act (ADA), CVRPC will make reasonable accommodations where possible to enable an individual with a disability to perform the essential functions of the job. The US Department of Labor's Job Accommodation Network (<https://askjan.org/Erguide/>) and the ADA website (http://www.ada.gov/ada_intro.htm) provide useful guidance.

3.11 Telephone Calls

To the extent possible, CVRPC's telephones should be used for professional purposes only. Some personal calls during business hours may be necessary, but should be kept to a minimum. If an employee must make a personal long distance call, the employee will either use a personal mobile phone or calling card, or keep a call log and reimburse CVRPC for the cost of personal calls.

3.12 Personal Mail and Packages

Opening and routing mail requires staff time, so employees should limit the amount of personal mail coming to the office. All mail and packages, including personal mail, delivered to CVRPC's address may be opened and routed to the addressee. Furthermore, all mail and packages received at CVRPC are subject to state and federal laws.

3.13 Computer Use

CVRPC provides the computer network, personal computers, electronic mail and other communications devices for business use. All communications and information transmitted by, received from, or stored in these systems are the property of CVRPC and, as such, are intended to be used for job-related purposes only.

Employees will exercise good judgment and will conduct themselves according to existing policies and procedures while using the Internet and e-mail. Generally, during working hours, employees will use the Internet and e-mail only for business purposes. Employees may use Internet access and e-mail for personal use but these activities must be done on their own time and kept to a minimum, and will not reflect negatively on CVRPC.

Employees with Internet access are expressly prohibited from accessing viewing, downloading or printing pornographic or other sexually explicit materials. The e-mail system is not to be used to solicit or proselytize for commercial ventures, religious or political causes, outside organizations or other non-job-related solicitations. CVRPC's e-mail system and Internet service are not to be used to create any offensive or disruptive messages.

CVRPC may access and disclose all data or messages stored on its systems or sent over its electronic mail system. CVRPC reserves the right to monitor communication and data at any time, with or without notice. No confidentiality should be assumed, regardless of the content and nature of the message, although certain correspondence may be confidential under state and federal law.

3.14 Dress Code

CVRPC's standard of dress is business-casual, except when conducting field work or in special circumstances that may require more formal business attire. Employee's manner of dress will be commensurate with his/her responsibilities and compatible with community standards for

#

equivalent positions in the private and public sector. Employees are asked to use discretion and judgment in their choice of attire.

CVRPC believes that personal cleanliness and appearance reflects on CVRPC when employees are representing CVRPC. If the Executive Director believes that an employee has not met the dress code requirements, or if an outside complaint has been made that the Executive Director deems valid, the Executive Director will inform the employee informally of the violation. Continued warning may be grounds for disciplinary action.

3.15 Smoke-Free Workplace

CVRPC is a smoke-free workplace.

4.0 HOLIDAYS AND LEAVES

4.1 Holidays

CVRPC observes the following 12 paid holidays: New Year's Day, Martin Luther King Day, Presidents' Day (third Monday in February), Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans Day, Thanksgiving Day and the day after Thanksgiving, and Christmas Day, and one floating holiday.

Any legal holiday which falls on a Saturday will be observed on the preceding Friday. Any legal holiday which falls on a Sunday will be observed on the following Monday. The annual holiday schedule will be posted in advance.

Employees may each choose the date of their floating holiday; however, the holiday must be scheduled and approved in advance by the Executive Director. Floating holidays are tracked on a fiscal year basis.

Employees are only allowed to work on a scheduled CVRPC holiday, and take the time off on a regular workday, when approved in advance by the Executive Director.

Unused holidays are not paid upon termination.

4.2 Vacation Leave

CVRPC believes that paid vacation leave is important to employee well-being and productivity. Employees in certain job categories are entitled to vacation benefits.

The amount of vacation leave to which employees are entitled is based on the length of service schedule shown below. Employees are encouraged to take their earned vacation. Employees who have reached the maximum accumulation amount will cease to earn more vacation leave until the balance has been reduced below the maximum.

Years of Service	Vacation Earned	Maximum Accumulation
0 to 3 years	10 days/year	20 days
3+ to 8 years	15 days/year	25 days
8+ years	20 days/year	35 days

Regular part-time employees who work 20 hours per week or more are entitled to a pro-rated share of vacation based on their regular work schedules.

#

Vacation time is earned monthly, starting from the date the employee commences work. Vacation time may not be taken prior to being earned. Vacation leave ceases to accrue during unpaid leaves of absence.

Requests for less than a week of vacation leave should be submitted in writing to the Executive Director for approval at least one week in advance; requests for a week or more vacation leave should be submitted in writing to the Executive Director a month in advance, if possible. Permission will be granted or denied based on factors including the current and anticipated workload and staffing requirements; however, every effort will be made to accommodate employee requests.

The maximum amount of vacation that may be taken consecutively is two weeks. If there is a need to take more than two weeks consecutively, special permission may be requested from the Executive Director. Observed holidays are not counted as vacation leave. If an observed holiday falls within the vacation period, the vacation may be extended one day.

An employee who leaves employment with CVRPC will be paid for accrued but unused vacation time, up to the maximum accumulation amount.

4.3 Sick Leave

Paid sick leave may be used for illness or medical/dental appointments for the employee or an immediate family member, and for illness or death of the employee's spouse, domestic partner, children, parents and siblings.

Employees will accrue sick leave based on the schedule below. Employees who have reached the maximum accumulation amount will cease to earn more sick leave until the balance has been reduced below the maximum.

Employee Category	Sick Leave Accrued	Maximum Accumulation
Regular Full Time (40 hrs/week)	1 day (8 hours)/month	45 days

Regular part-time employees who work 20 hours or more per week are entitled to accrue and accumulate prorated sick leave based on their regular work schedule.

Sick leave ceases to accrue during unpaid leaves of absence. Accrued sick leave may not be transferred to another employee.

A physician's statement may be required for extended or frequent illness, if requested by the Executive Director. Should the length of leave exceed accrued sick leave, accrued paid vacation leave may be used. If an absence exceeds available paid leave, the employee may request, but is not entitled to, an advance of sick leave. Requests for an advance of sick leave should be made to the Executive Director. The employee may also be eligible for disability insurance coverage. In extenuating circumstances, the Executive Committee may grant additional sick leave.

There is no payment to the employee for accrued sick leave when an employee ceases employment with CVRPC.

4.4 Parental, Family and Medical Leave

The purpose of parental and family leave is to provide job-protected leave in specific parental and medical situations.

#

The federal Family and Medical Leave Act and Vermont Parental and Family Leave Law govern legally-required parental, family and medical leave. Both laws have employment thresholds for applicability and criteria for employee eligibility. CVRPC does not meet the employment threshold under the federal law. CVRPC meets the state employment thresholds for parental leave, but not the thresholds for family leave or short-term family leave.

The parental, family and medical leaves described in this policy are intended to provide for parental and family/medical leave benefits and to comply with the law as it currently applies to CVRPC.

Employees must meet eligibility criteria to qualify for parental, family or medical leave. An employee who has continuously worked for CVRPC for at least 12 months, and has worked an average of 30 hours/week during the past year, will be entitled to take unpaid leave under the following circumstances.

1. Parental leave: An employee may take up to 12 weeks of unpaid leave during any 12 month period during the employee's pregnancy, following the birth of an employee's child, or within a year following the initial placement of a child 16 years of age or younger with the employee for the purpose of adoption or foster care.
2. Family or medical leave: An employee may take up to 12 weeks of unpaid leave during any 12 month period for the serious health condition of the employee or the employee's child, stepchild or ward of the employee who lives with the employee, foster child, parent, spouse/civil union/domestic partner or parent of the employee's spouse/civil union/domestic partner.

The employee may substitute up to six (6) weeks of accrued paid leave (vacation and/or sick leave) for unpaid family/medical or parental leave. Employees may request substitution of more than six (6) weeks of accrued paid leave. The Executive Director will consider such requests, based on the financial impacts and business needs of CVRPC. Use of accrued paid leave does not extend the parental or family/medical leave.

If the parental or family/medical leave is foreseeable, the employee must give reasonable notice to the Executive Director of the intent to take leave. This allows CVRPC to make arrangements for staff replacements. Notice include the date the leave is expected to commence and the estimated duration of the leave. If the leave is not foreseeable, the employee must still give notice as soon as he or she is aware of the need to take it. If the requested leave is due to a serious health condition of the employee or family member, CVRPC may require the employee to provide medical certification to support the leave request.

In the case of leave taken for a medical emergency, the employee may also be required to provide medical information during the leave, along with periodic updates on the employee's status and intent to return to work. An employee may return from leave earlier than estimated upon Executive Director's approval.

Employees taking unpaid family/medical or parental leave will be entitled to maintain group health and other insurance coverage during the leave, under the same terms as when not on leave. CVRPC will continue to pay its portion of the insurance premium during the leave; employees taking parental, family/medical leave are responsible for continuing to pay their portion of the insurance premium contributions, if any. Note that if an employee fails to pay his or her portion

#

of the premium for more than 30 days, the coverage may lapse. Employees taking medical leave for their own injury or illness may be eligible for disability insurance benefits.

Upon return from parental or family/medical leave, an employee will be offered the same or comparable job at the same level of compensation, and employment benefits existing on the day the leave began. This will not apply if, prior to requesting leave, the employee had been given notice or had given notice that the employment would terminate. This will also not apply if CVRPC can demonstrate by clear and convincing evidence that:

1. During the period of leave, the employee's job would have been terminated or the employee laid off for reasons unrelated to the leave or the condition for which the leave was granted; or
2. The employee performed unique services (i.e., is a "key employee") and hiring a permanent replacement during the leave, after giving reasonable notice to the employee of intent to do so, was the only alternative available to CVRPC to prevent substantial and grievous economic injury to CVRPC's operation.

Employees not eligible for parental or family/medical leave may request, but are not entitled to, a regular leave of absence. See Section 4.6, Partial and Full Leave of Absence, for more information.

4.5 Partial and Full Leave of Absence

Partial Leave of Absence

If a regular, full-time employee is temporarily unable to work full-time, but is able to work part-time, s/he may submit a written request for a partial leave of absence. Approval of a partial leave of absence is arranged through, and requires the written approval of, the Executive Director. The time period for a partial leave of absence may not exceed six months. Pay, vacation, sick leave, insurance and other benefits for an employee on partial leave of absence will accrue consistent with the part-time status. If the employee on partial leave of absence works less than 20 hours per week, averaged over the month, s/he may continue health insurance coverage through CVRPC by paying CVRPC for the full insurance premium on the first of each month.

Documentation of the request and approval of a partial leave of absence will be placed in the employee's personnel file. If the reason for the partial leave of absence is medical, the employee may also be eligible for disability insurance coverage.

If the employee has not arranged to return to full-time status after the partial leave of absence has expired, the Executive Committee must approve whether CVRPC's organizational needs are best met by converting the position to regular part-time, job sharing, eliminating the position or dismissing the employee and hiring a full-time employee. Documentation of this decision will be placed in the employee's personnel file.

Under the Americans with Disabilities Act, other provisions for partial leave of absence may apply. See section 3.10.

Full Leave of Absence

A leave of absence, without pay, may be granted for a definite time period, not to exceed six months, to meet the personal or special needs of full- and part-time employees. Approval of leave will be arranged through the Executive Director and requires the approval of the Executive Committee. While on unpaid leave, vacation and sick leave credits cease to accrue, as do group

#

life insurance, disability insurance, and any other benefits paid by CVRPC. The employee may continue health and dental insurance coverage through CVRPC while on unpaid leave of absence; however, the employee must pay CVRPC for the full insurance premium on the first of each month. Documentation of the request for and approval of a full leave of absence will be placed in the employee's personnel file. If the employee has not arranged to return after the leave of absence has expired, the position will not be held open and documentation will be placed in the employee's personnel file.

Under the Americans with Disabilities Act, other provisions for partial leave of absence may apply. See section 3.10.

4.6 Military Leave

CVRPC grants unpaid leave for uniformed service in accordance with applicable federal and state law, and provides certain benefits to these employees.

The Uniformed Services Employment and Reemployment Rights Act (USERRA) provides employees who are called up to perform military service with reemployment rights. USERRA includes provisions for maintaining health insurance and job reinstatement.

Vermont law (21 V.S.A. §§ 491-493) provides job reinstatement and benefit protection for reserve training and military duty.

A regular employee requiring time off for uniformed service will immediately notify the Executive Director. If an employee is unable to provide notice prior to leaving for uniformed service, then a family member should notify the Executive Director as soon as possible. Documentation of required military service and authorized military leave will be placed in the employee's personnel file.

With the approval of the Executive Director, employees who are required to take a two-week military tour of duty have the option of taking their tour of duty as a regular paid vacation or taking their tour of duty without pay as an unpaid leave of absence and scheduling their regular earned vacation at another time.

4.7 Jury Duty

CVRPC recognizes that serving as a juror is a civic duty, and will provide paid leave for jury duty under the following procedures:

1. Upon receipt, the employee will present the subpoena or other document that gives instructions to report for jury empanelment. A copy will be retained for the personnel file.
2. Upon selection for jury duty, the employee will notify the Executive Director or designee in writing.
3. The employee will report for jury duty as instructed by the court. If the employee is released from jury service during normal working hours, the employee will be required to be at work when practical.

There may be cases where an employee's extended absence would seriously affect the operating efficiency of CVRPC. In such instances, if the Executive Director deems it necessary to request that an employee be excused from jury duty, the Executive Director will write a letter to the presiding judge or court clerk requesting that the employee be excused from jury duty or that his or her assignment be postponed.

5.0 BENEFITS

It is the intent of CVRPC to provide comprehensive insurance benefits to protect eligible employees and their dependents. CVRPC continually evaluates the need to enhance our insurance benefit programs to ensure they continue to add value, maintain competitiveness, and meet the changing needs of CVRPC employees while balancing the financial costs and organizational impacts of such programs. CVRPC reserves the right to change, delete or amend such plans at any time. The Executive Committee approves any changes to employee benefits.

Each employee will receive an enrollment package for all insurance programs. Information provided in the enrollment packages should provide answers to most benefit questions; further questions should be directed to the Executive Director.

5.1 Health Insurance

CVRPC offers group health insurance to all full-time employees and all regular part-time employees who work twenty (20) hours per week or more. CVRPC's insurance premium contribution for regular part-time employees will be pro-rated based on the standard full-time 40-hour week. The current health insurance benefits are described in Appendix A.

Employees may enroll in the insurance program at the time of their initial appointment, and at other times thereafter per the insurance program's requirements. Coverage begins on the first day of the month following a determination of eligibility. Employees should verify coverage start dates at the time of their enrollment.

Employees with a high deductible plan may make pre-tax payroll contributions to a Health Savings Account, up to IRS limits, which may be used to pay for deductible or other medical expenses. CVRPC will deposit payroll contributions to employee Health Savings Accounts at least monthly.

Employees who are eligible for health insurance benefits may elect to opt-out of CVRPC health insurance benefits for a plan year (calendar basis) if they can show proof of health insurance coverage from another provider. If an employee opts out, they are eligible for compensation equal to one-half of the annual CVRPC insurance contribution value, subject to taxes.

Employees will elect to participate or opt-out of CVRPC-provided insurance benefits during the open eligibility period. Employees will sign a waiver stating that they are choosing to opt-out and accept responsibility for doing so. Should the employee lose other coverage, eligibility to return to CVRPC health insurance benefits is dictated by the insurance provider. Employees must notify CVRPC immediately if they lose their other coverage. If employees come back on the CVRPC plan, the opt-out compensation will be pro-rated.

5.2 Dental Insurance

Dental insurance is offered by CVRPC for full-time employees and their families. The current dental insurance benefits are described in Appendix A. Employees are responsible for paying 100% of any deductible and any co-pay amounts.

5.3 Group Life Insurance

CVRPC provides a group life insurance and accidental death and dismemberment for full-time employees under a group plan. The current life insurance benefits are described in Appendix A. Each eligible employee will name his or her beneficiary, which may be changed upon written

#

notification. CVRPC reserves the right to require an employee contribution toward the premiums, dependent on the Commission's budget.

5.4 Disability Insurance

CVRPC offers full-time employees a group short-term disability insurance plan and a long-term disability insurance plan. Regular part-time employees working at least 30 hours per week may also be eligible for disability coverage, subject to the requirements of the plan. The current disability insurance benefits are described in Appendix A. CVRPC reserves the right to require an employee contribution toward the premium, dependent on the Commission's budget.

5.5 Retirement Plan

Full-time employees are eligible to participate in CVRPC's retirement plan after one year of employment. The current retirement plan benefits are described in Appendix A. CVRPC will contribute an amount equal to 5% of the employee's annual salary to a SEP-IRA account established for each eligible employee; partial contributions will be made on a quarterly basis.

CVRPC encourages employees to may make their own, optional, pre-tax contributions to the SEP-IRA through payroll deduction. Employee contributions are limited by federal Internal Revenue Service regulations for Individual Retirement Accounts. Age, income or a spouse's retirement plan may affect the allowable pre-tax contribution, so employees should check the IRS website to determine the amount they can contribute.

The employee is responsible for managing their SEP-IRA account, as allowed by the plan. Employees pay all fees associated with their SEP-IRA accounts and investments.

5.6 Professional Development

CVRPC encourages staff to pursue professional development opportunities that benefit both the employee and the Commission. Professional development goals may include:

- Knowledge of a new subject relevant to CVRPC's mission;
- Mastering a skill that improves the employee's performance or CVRPC's effectiveness;
- Obtaining professional certification relevant to planning or the employee's job;
- Developing professional networks that increase the employee's or CVRPC's effectiveness; and/or
- Contributing to the planning profession in Vermont.

Professional development goals may be accomplished through a wide variety of activities. Some examples include:

- Working on a project that requires new knowledge or skills;
- Taking a leadership role on a grant application, for a project's development or implementation, or in project management;
- Being a mentor or mentee;
- Participating in professional activities, such as professional association committees or service on another organization's board or committee;
- Obtaining professional certifications, such as AICP, CFM, GISP, etc.;
- Independent reading/research on a topic of concern to CVRPC;
- Participating in job-related webinars or lectures; and/or
- Participating in job-related conferences, classes and short courses.

#

Employees are expected to take primary responsibility for their own professional development and to identify their own professional development goals and opportunities. Supervisors are expected to discuss professional development goals with direct reports, and to assist in identifying professional development needs and opportunities. Employees and supervisors are particularly encouraged to identify inexpensive professional development opportunities.

With the prior approval of the Executive Director, staff may attend job-related conferences, courses or training for professional development at CVRPC expense, within budgetary limits. Staff may receive regular pay while attending conferences or courses paid by themselves, with the approval of the Executive Director. Prior written approval by the Executive Director is required for conferences or other professional development activities requiring more than one day away from the office.

6.0 PERFORMANCE APPRAISALS

6.1 Staff Performance Appraisal

Each employee's performance will be formally appraised on a calendar basis. Performance appraisals will be in writing and will be the responsibility of the Executive Director or direct supervisor to carry out in conjunction with the employee. The completed appraisal will be placed in the employee's personnel file.

Performance Appraisal Objectives

The objective of the performance appraisal process is to provide a mechanism to:

- Clearly define job expectations;
- Ensure that all employees perform to the best of their abilities;
- Ensure communication between employee and supervisor;
- Align employee goals with the overall goals of CVRPC;
- Be consistent across CVRPC program areas;
- Identify employee training and professional development needs for the employee's professional growth;
- Establish clear-cut intervention strategies when performance does not meet identified job requirements; and
- Link performance with rewards, such as compensation increases, promotions, recognition, assignments, professional development opportunities and career advances.

Performance Appraisal Criteria

Criteria for appraisal may include, but are not be limited to, the following:

- Knowledge and skills required for the job;
- Quality of work;
- Productivity;
- Initiative and judgment;
- Teamwork;
- Flexibility;
- Work performance;
- Job responsibility;
- Resource management;

#

- Recordkeeping; and
- Adherence to policies.

Goals for Upcoming Year

Each employee, working with the Executive Director or direct supervisor, will identify three to seven goals for the next year. Such goals will typically identify projects or program areas that the employee will undertake in the upcoming year, and may also include: areas in need of improvement; skills or knowledge to be acquired; professional development; employee development; and/or behavior or attitudes to be adjusted (if applicable).

Mid-Year Appraisal

The Executive Director or direct supervisor will have an informal mid-year meeting with each employee to review progress towards the employee's goals, to make adjustments to the goals and action plan if needed, and to facilitate a constructive discussion about any performance issues, obstacles, or opportunities related to the employee's goals, professional development or performance. If the Executive Director or direct supervisor has concerns about the employee's performance, a performance improvement plan may be part of the appraisal. Any agreed-upon modifications to the employee's goals and action plan will be documented, signed by both the employee and Executive Director or direct supervisor, and used in the annual performance evaluation process.

Periodic Appraisals

The Executive Director or direct supervisor may conduct a performance appraisal of an employee at any time, in addition to the mid-year and annual appraisals. While it is within the Executive Director's or direct supervisor's discretion when an appraisal may occur, an immediate appraisal is appropriate if the Executive Director or direct supervisor has concerns about the employee's performance, a performance improvement plan has been implemented, or an employee's job has materially changed since the annual appraisal.

Annual Performance Appraisal

The Executive Director will provide each employee with the appropriate performance appraisal form at the beginning of the new calendar year.

The performance appraisal has three key elements: an employee self-appraisal, the direct supervisor's appraisal of the employee, and an appraisal meeting between the employee and direct supervisor.

Each employee will prepare a brief summary of the projects or programs for which he or she was responsible and what was accomplished during the previous year. The employee will appraise his or her own performance, using the mutually agreed upon goals for the previous year and the performance appraisal criteria. The employee will also identify at least five goals for the next year, including one goal related to professional development, and provide a short action plan for each goal. The self-appraisal and goal-setting document will be submitted to the Executive Director or direct supervisor by the requested date.

The Executive Director or direct supervisor will appraise the employee's performance using the goals established for the previous year and the performance appraisal criteria. The Executive Director or direct supervisor will provide the employee with a written copy of the appraisal approximately one week prior to the performance appraisal meeting.

#

The Executive Director or direct supervisor will schedule and conduct the performance appraisal meeting with each employee. At this meeting, they will review the performance appraisal together. They will also set the goals and action plan. If the Executive Director or supervisor has concerns about the employee's performance, a performance improvement plan may be part of the evaluation. At the meeting, the employee may make written comments, including any points of disagreement with the Executive Director's or direct supervisor's appraisal. Both the employee and the Executive Director or direct supervisor will sign the appraisal form at the meeting, acknowledging that the appraisal occurred. The employee and Executive Director or direct supervisor will also sign the goals and action plan that are agreed to for the next year.

The Executive Director will review all performance appraisals conducted by other direct supervisors. The Executive Director will provide a written summary to the Executive Committee on staff performance, including each employee's strengths, areas for improvement/growth/development, the appraisal conclusions, and whether the employee signed the performance appraisal.

6.2 Executive Director Performance Appraisal

The Executive Committee is responsible for conducting an annual performance appraisal of the Executive Director. The objectives and criteria for the performance appraisal of the Executive Director will be based on objectives and criteria for all staff.

Executive Director Performance Appraisal

The performance appraisal for the Executive Director has four key elements: a self-appraisal by the Executive Director, the compiled appraisal of the Executive Director by employees, the compiled appraisal of the Executive Director by the Executive Committee, and an appraisal meeting between the Executive Director and the Executive Committee.

At the beginning of the calendar year, the Executive Director will provide the Executive Committee with a brief summary of the projects or programs for which he or she was responsible and what was accomplished during the previous year. The Executive Director will appraise his or her own performance, using the mutually agreed upon goals for the previous year and the performance appraisal criteria. The Executive Director will also identify four to seven goals for the next year. Goals may relate to personal or organizational performance. The self-appraisal and goal-setting document will be submitted to the Executive Committee by the requested date.

At the beginning of the calendar year, the Executive Committee will arrange to distribute to staff a form for confidential employee appraisal of the Executive Director. Confidential employee appraisals of the Executive Director will be submitted to the Chair of the Executive Committee or designee by the requested date. The Chair or designee will compile the employees' appraisals in a manner that guarantees employee anonymity and will distribute the compilation to the Executive Committee. The Executive Committee will consider the compiled employee appraisals in their performance appraisal of the Executive Director. If necessary, the Executive Committee, through an appointed subgroup or as a whole, may meet in executive session with staff without the Executive Director present in order to discuss the Executive Director's performance.

A copy of the Executive Director's self-appraisal form will be distributed to each member of the Executive Committee, along with the compiled staff appraisals. The Executive Committee will evaluate the Executive Director using the goals established in the previous year and the

#

performance appraisal criteria, along with the confidential employee appraisals. Executive Committee members will complete their individual appraisal form and submit it to the Chair or designee by the requested date for compilation. The Executive Committee will meet in Executive Session to discuss and prepare a joint appraisal of the Executive Director and may add or modify goals for the upcoming year. The Executive Committee will provide the Executive Director with a written copy of the appraisal prior to the performance appraisal meeting.

The Executive Committee will conduct a performance appraisal meeting in Executive Session with the Executive Director. This meeting should occur prior to the end of the fiscal year. At this meeting, they will go over the performance appraisal. They will also discuss and agree on the goals and action plan. If the Executive Committee has concerns about the Executive Director's performance, a performance improvement plan may be part of the evaluation. At the meeting, the Executive Director may make written comments, including any points of disagreement with the Executive Committee's appraisal. Both the Executive Director and the CVRPC Chair will sign the appraisal form at the meeting, acknowledging that the appraisal occurred. The Executive Director and CVRPC Chair will also sign the goals and action plan that are agreed to for the next year.

6.3 Personnel Files

Personnel files will be kept in a secure, locked location and maintained by the Executive Director or designee.

The following documents will be filed in each employee's personnel file, including the Executive Director:

- Letter of application and resume;
- Payroll/personnel information;
- W-4 form;
- Automatic payroll deposit (participants only);
- Benefits forms;
- Completion of probation;
- Performance appraisals;
- Promotions;
- Raises;
- Documentation of achievements (e.g., awards, certifications);
- Letters of commendation or other notices of employee recognition;
- Records of disciplinary action; and/or
- Records of resignation or termination.

Separate files will be maintained for workers' compensation claims, family or medical leave absences, and employment eligibility verification records (I-9 form). These files may only be accessed in accordance with applicable law.

Personnel files are the property of CVRPC and will be confidential, except to the extent necessary for business purposes or as permitted by law. Unless otherwise required, access will be permitted only to the employee, authorized CVRPC administrators, and members of the Executive Committee as appropriate. Employees will be permitted reasonable access to their own file during business hours in accordance with applicable law by request to the Executive

#

Director. No personnel files may be destroyed or removed from CVRPC offices, except as required by law.

7.0 PRIVACY AND CONFIDENTIALITY

An employee's personnel and medical records are generally not considered public records and will be shared with supervisors or the Executive Committee only in accordance with state and federal law.

Employees should have no expectation of privacy in any other aspect of their employment, including their desks, telephones, computers, e-mail accounts or other CVRPC property.

8.0 EMPLOYEE CONDUCT

8.1 Standards of Conduct

To achieve a positive work environment, CVRPC encourages a responsible attitude towards work and courteous and respectful behavior towards other employees, outside business relationships/contacts, visitors and CVRPC property. Employees are expected to respect individual rights, privacy, and property of others and to treat information appropriately. Employees should not take actions that are harmful to another employee, outside parties or CVRPC property.

As public officials, CVRPC employees are required to work under a code of conduct that ensures that we exercise our fiduciary authority solely for the benefit of the public. CVRPC employees are to conduct themselves with the highest level of ethical and moral standards under public law in any dealings in which we represent CVRPC. In addition, CVRPC is subject to the requirements of the Vermont Open Meeting Law (1 V.S.A. §§310-314) and the Vermont Public Records Law (1 V.S.A. §§315-315). Failure to adhere to these standards may result in disciplinary action.

8.2 Conflict of Interest Policy

A conflict of interest may exist when an employee has the authority or responsibility to act on some matter in which he or she has a substantial personal or financial interest that may inhibit or appear to inhibit the person's ability to act in the interest of the general public. Such an interest may be financial or may result from family or social relationships. A conflict does not exist when the person's interest is or appears to be no greater than that of any other person generally affected by the act for which the employee has authority or responsibility.

No CVRPC employee will participate in the selection, award, or administration of a contract supported by federal or state funds if a conflict of interest, real or perceived, could potentially be involved. Such a conflict could arise if any employee or immediate family member, or any organization in which immediate family members are employed, have a financial interest in the CVRPC selection and award process.

No CVRPC employee will solicit gifts, payments for services, favors, entertainment, special accommodations, gratuities, or anything with an associated monetary value or gain from contractors, potential contractors, or parties to sub-agreements. No CVRPC employee will accept same with a value in excess of \$25.00.

No CVRPC employee will engage in activities that directly compete or conflict with CVRPC's mission, values or actions.

#

Any CVRPC employee who has an outside interest that would have the potential to create a conflict of interest with his or her duties at CVRPC should disclose such interest to the Executive Director immediately, either verbally or in writing. Likewise, anyone else who believes that an employee has a real or perceived conflict of interest should report it to the Executive Director. The Executive Director will evaluate the situation, including a discussion with the employee and any reporting party, and determine if a conflict of interest may or does exist. This determination will be documented and placed in the employee's personnel file. The Executive Director reserves the right to require reassignment or a cancellation of the activity causing a real or perceived conflict of interest. The Executive Director is accountable for disclosing any potential conflict of interest to the Executive Committee.

CVRPC wishes to hire the most qualified individuals to fill a position, and to retain valuable employees. Relatives or domestic partners of employees will be interviewed and treated in the same manner as any other candidate for a given position. Relatives will not interview other relatives. They will be considered for employment as long as there are no management reporting relationships or potential conflicts of interest between the two relatives.

8.3 Political Activity

Public sector planning is, by its nature, a political activity. In the Vermont context, effective planning at the local and regional level is best done if it is non-partisan. To maintain the highest possible credibility, CVRPC activity must be non-partisan.

Therefore, consistent with this policy and all relevant state and federal laws, no partisan political activity will be allowed within the CVRPC office. No posters, buttons, hats, clothing, or other partisan campaign paraphernalia are allowed in the office or on the employee while on CVRPC business. No overt partisan campaigning or fund solicitation is allowed in the office or while on CVRPC business.

This does not mean, however, that CVRPC employees are prohibited from engaging in partisan political activity on their own time, although provisions of the federal Hatch Act may limit such activity. The Hatch Act covers all state and local employees who are principally employed in connection with programs financed in whole or in part by loans or grants made by the federal government. Therefore, if your position is funded with any federal funds, you are subject to the Hatch Act.

Employees covered by the Hatch Act may:

- Vote;
- Freely express his or her opinions on all political subjects and candidates;
- Run for public office in nonpartisan elections;
- Campaign for and hold office in political clubs and organizations.
- Actively campaign for candidates for public office in partisan and nonpartisan elections; and
- Contribute money to political organizations and attend political fundraising functions.

Employees covered by the Hatch Act may not:

- Be a candidate for public office in a partisan election;
- Use official authority or influence to interfere with or affect the results of an election or nomination; or

#

- Directly or indirectly coerce contributions from subordinates in support of a political party or candidate.

8.4 Outside Employment

All employees are permitted to have other employment as long as it does not interfere with performance of their duties.

If an employee obtains another job while working for CVRPC, the Executive Director must be notified. Employees may not work for any entity where there is a real or perceived conflict of interest, as determined by the Executive Director.

Employees who have their own business must disclose such activity to the Executive Director in accordance with the Conflicts of Interest policy. CVRPC will not purchase from, or contract with, a business owned by one of its employees.

The Executive Director has final authority for determining if outside activity conflicts with the work of CVRPC.

9.0 OCCUPATIONAL SAFETY

The active cooperation of all employees is necessary to provide a safe and healthy work environment. To accomplish this, safety precautions must be observed. It is expected that employees will respect their work areas and that of fellow employees. If there are any concerns or questions about the safety of the office environment or individual work areas, please see the Executive Director for necessary corrections or accommodations.

9.1 Occupational Health and Safety

CVRPC adheres to all relevant Occupational Safety and Health Administration (OSHA) safety programs for the protection of employees. This includes compliance with safety regulations and standards established by OSHA. Any questions should be directed to the Executive Director.

9.2 Motor Vehicle Use

This policy applies to all employees, whether they are driving a CVRPC vehicle, a rental vehicle for CVRPC business or a personal vehicle for CVRPC business.

Drivers must possess a valid driver's license for the type of vehicle to be operated, and keep the license(s) with them at all times while driving. Employees are obligated to immediately reveal any changes in the status of that license (i.e., revoked, suspended, or restricted) to the Executive Director.

Employees who use their personal vehicle for company business are required to carry and maintain an insurance policy and vehicle registration.

Employees are not permitted, under any circumstances, to operate a vehicle while conducting CVRPC business when any physical or mental impairment causes the employee to be unable to drive safely. This prohibition includes circumstances in which the employee is temporarily unable to operate a vehicle safely or legally because of illness or medication. An employee must immediately inform the Executive Director if such a situation arises.

Employees are required to adhere to the following basic vehicle operation principles:

- Drive in a safe and courteous manner;

#

- Abide by all traffic laws;
- Refrain from operating a vehicle while conducting CVRPC business and while under the influence of alcohol or drugs; and
- Immediately report to the Executive Director all accidents that occur in the course of CVRPC business, regardless of the extent of damage or lack of injuries.

CVRPC is not responsible for any traffic violations or parking tickets acquired by violation of city ordinance, state or federal laws regarding your driving habits and operation of your motor vehicle. Any ticket issued is the employee's responsibility, even if the ticket is issued while conducting business for CVRPC.

9.3 Reporting Accidents/Vehicle Accidents

All job-related injuries, illnesses, and accidents must be reported immediately to the Executive Director, and, in turn, to CVRPC's Workers Compensation carrier. This includes any vehicular accidents that occur while conducting business on behalf of CVRPC during business hours. Depending on the severity of the injury, a written report may be required providing details and the nature of the injury. On-the-job injuries requiring medical attention are to be promptly reported to the Executive Director.

It is preferred that first aid be administered by authorized personnel only. If injured on the job, CVRPC will use the best means possible to provide transportation to the hospital.

Employees who are involved in a vehicular accident involving a personal vehicle while conducting CVRPC business must attempt to obtain the names, addresses and telephone numbers of all people involved, including witnesses. Any damage or injuries will be reported to the Executive Director.

9.4 Workers Compensation

CVRPC has Workers' Compensation Insurance for all employees. Employees who suffer an injury or occupational disease arising out of, and in the course of, employment are entitled to payment of medical services for treatment for that injury or illness, in accordance with applicable state laws. To expedite the receipt of benefits, employees must report any absences or accidents immediately. Proper paperwork must be filled out to process a claim.

10.0 ALCOHOL AND DRUG FREE WORKPLACE

CVRPC is committed to providing a safe, healthy and efficient working environmental for all employees, and the people the organization serves. To help achieve this goal, employees are prohibited from:

- Reporting to work under the influence, or appearing to be under the influence of alcohol or non-prescribed drugs to any degree, at any time, on CVRPC property or while performing work for CVRPC;
- Abusing inhalants or prescription drugs on CVRPC property or while performing work for CVRPC;
- Unlawfully using, selling, dispensing, distributing, possessing, or manufacturing alcohol, illegal drugs, controlled substances, or narcotics on CVRPC premises or property, or while performing work on behalf of CVRPC; and

#

- Off-premises/off-duty abuse of alcohol and prescription/over-the-counter-drugs, as well as the possession, use or sale of illegal drugs, when these activities adversely affect job performance, job safety, or CVRPC's reputation in the community.

The legal and proper use of prescription and over-the-counter medication is permitted during work hours if it does not impair an employee's ability to perform the essential functions of his/her job effectively and in a safe manner.

CVRPC reserves the right to search and inspect all areas of the workplace and its premises for the maintenance of safe and healthy workplace. CVRPC reserves the right to conduct drug tests in accordance with federal and state laws.

Violations of this policy will result in disciplinary action, which, at CVRPC's discretion and depending on the severity of the violation, may range from required participation and successful completion in a rehabilitation program to termination of employment. Depending on the circumstances, other action, including notification of appropriate law enforcement agencies, may be taken against a staff member who violates this policy.

In accordance with the Drug Free Workplace Act, as a condition of employment, staff must notify the Executive Director within five (5) days of a conviction for any criminal drug violation occurring in the workplace. Failure to do so will result in immediate termination of employment. CVRPC, in turn, will, as required by law, report such convictions within ten (10) days of our learning of the conviction to the appropriate federal agency providing grant or contract support of the employee's position.

There may be CVRPC-sponsored, management approved occasions where alcoholic beverages will be served. Management must authorize these occasions in advance, and will be the only exception to this policy.

The Executive Director is responsible for the overall and day-to-day administration of this policy, as well as communication of the terms of this policy to employees and applicants. Any contact with law enforcement under this policy is also the responsibility of the Executive Director. In the case of this policy applying to the Executive Director, responsibility for administration of the policy rests with the Executive Committee.

11.0 RESOLVING WORKPLACE PROBLEMS

11.1 Open Door Policy

CVRPC has adopted an open door policy for all employees. The purpose of this open door policy is to encourage open communication, feedback, and discussion about any matter of importance to an employee. Our open door policy means that employees are free to talk with their supervisor or the Executive Director at any time about any topic.

Whether you have a problem, a complaint, a suggestion, or an observation, CVRPC wants to hear from you. By listening to you, CVRPC is able to improve, to address complaints, and to foster employee understanding of the rationale for practices, processes, and decisions.

Responsibilities Under an Open Door Policy

CVRPC wants to enable each employee to identify, address and resolve work concerns. If an employee is unable, or uncertain of how, to resolve a work concern on their own, the employee has a responsibility to address the concern with their supervisor or the Executive Director.

#

Using the Open Door Policy

Some concerns can be resolved directly by the employee. Constructive and open communication with co-workers or clients can help identify or clarify concerns and lead to mutually agreeable solutions.

If an employee is unable, or uncertain of how, to resolve a work concern on their own, the employee should address the concern with their supervisor or the Executive Director. This does not mean that the supervisor or Executive Director will necessarily solve the problem for you. It does mean that the supervisor or Executive Director will listen and help you identify ways that you can first try to solve the problem for yourself.

Supervisory concerns should be solved in discussion with your direct supervisor or the Executive Director. If an employee has a concern or complaint about the Executive Director that they believe cannot be addressed directly with the Executive Director, he or she should bring their concern to the CVRPC Chair or the Chair's designee.

Benefits of the Open Door Policy

By helping to solve problems, CVRPC gains valuable insight into possible problems with existing methods, procedure and approaches. While there may not be an easy answer or solution to every concern, the open door policy provides CVRPC employees the opportunity at all times to be heard.

11.2 Policy Against Discrimination, Harassment and Related Retaliation

CVRPC is committed to providing and preserving a work environment free from unlawful discrimination or harassment. CVRPC prohibits unlawful discrimination and harassment because of age, ancestry, color, genetic information, disability, HIV-positive status, national origin, place of birth, race, religion, sex, pregnancy, sexual orientation, gender identity and expression, or military service/veteran status, and any other protected characteristics, recognized and as defined by applicable law. CVRPC will not tolerate harassment or discrimination by supervisors, co-workers, or others.

For the purposes of this policy, "discrimination" is defined as making decisions about the terms or conditions of a person's employment on the basis of their possessing a protected characteristic, or on the basis of related stereotypes or biases.

"Harassment" is defined as statements or conduct of a verbal or physical nature which create an unreasonably abusive or offensive work-related environment for an employee, and which would adversely affect a reasonable employee's ability to do his or her job, because of that employee's legally protected characteristic. Examples of inappropriate harassment include, but are not limited to, the following:

- Jokes, derogatory expressions or comments reasonably offensive to someone having a particular protected characteristic;
- The display or communication of graphics, cartoons or objects reasonably offensive to someone having a particular protected characteristic;
- Directing abusive, harassing, inappropriate or intimidating behavior, comments or communications toward an individual because he or she has a protected characteristic;
- Sending electronic mail messages or attachments that are offensive for the reasons described above; or

#

- Other conduct reasonably offensive to someone having a particular characteristic because of that characteristic.

“Sexual harassment” is a particular type of unlawful harassment which is characterized by unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when: submission to such conduct is made, either explicitly or implicitly, a term or condition of employment; submission to or rejection of such conduct by an employee is used as a component of the basis for employment decisions affecting that employee; or the conduct has the purpose or effect of substantially interfering with an employee’s work performance or creating an intimidating, hostile or offensive work environment because of the employee’s gender.

Examples of inappropriate sexually harassing activity include, but are not limited to, the following:

- Jokes, derogatory expressions, email (including attachments) or comments of a sexual nature;
- The display or communication of gestures, graphics, cartoons, email or objects of a sexual or sexually degrading nature;
- Unwelcome physical contact, flirtation or advances of a sexual nature;
- Statements or threats which imply a link between an employee’s sexual conduct and his or her employment status, advancement potential, salary treatment or other employment actions;
- Basing an employment decision such as hiring, promotion, retention, or compensation on whether an employee or applicant submits to sexual advances.

Unlawful sexual harassment may occur regardless of the genders of the employees involved. Victims can be bystanders or the individual at whom the unwelcome sexual conduct is directed. Harassment by an employee that occurs off-duty and off-premises which falls within the above definitions and which affects the work environment as described above may also constitute harassment prohibited by this policy.

Retaliation for an employee’s having filed a good faith complaint or having participated in an investigation of a complaint of harassment or discrimination is unlawful, is strictly prohibited, and will be considered a violation of this policy.

It is the primary responsibility of the person who feels harassed or discriminated/retaliated against to bring these concerns to CVRPC’s attention, as encouraged here in and in our Discrimination, Harassment and Retaliation Complaint Procedure. However, co-workers are also encouraged to report incidents or patterns of prohibited harassment, discrimination or retaliation to appropriate personnel.

11.3 Discrimination, Harassment and Related Retaliation Complaint Procedure

Any employee who has a complaint of work-related discrimination, harassment, sexual harassment or related retaliation by anyone, including co-workers, supervisors, volunteers, or third parties, is urged to bring the matter to the attention of CVRPC immediately so that we may investigate and deal with the problem. Violation of CVRPC’s policies on equal employment opportunity, anti-discrimination, anti-harassment and anti-retaliation will result in disciplinary action or termination of employment.

Employees should first bring their complaint to the Executive Director, unless the complaint involves that individual or you are not otherwise comfortable making a complaint to that individual, in which case the complaint should be brought to the attention of the CVRPC Chair. CVRPC will request that a written description of the complaint be provided so that it will have a

#

clear understanding of the nature of the complaint. CVRPC will initiate an investigation and will endeavor to handle such complaints expeditiously.

The complaint and the investigation will be handled and treated as confidentially as possible. Disclosure will only be made on a need-to-know basis or as reasonably necessary to carry out the investigation. All employees are expected to cooperate fully with any investigation. Failure to fully cooperate as required may result in discipline or termination of employment.

When the investigation ends, a determination will be made and the results communicated to the complainant, the alleged offender, and as appropriate, to others directly involved. Based on the results of the investigation, appropriate and effective remedial action will result.

If the complainant is dissatisfied with CVRPC's action, or is otherwise interested in doing so, he or she may file a complaint by writing or calling one of the following governmental agencies:

- **Vermont Attorney General's Office**, Civil Rights Unit, 109 State Street, Montpelier, VT 05609, (802) 828-3171 (voice/TDD).
- **Equal Employment Opportunity Commission**, 1 Congress Street, Boston, MA 02114, (617) 565-3200 (voice), (617) 565-3204 (TDD).

11.4 Workplace Violence Policy

CVRPC is committed to providing a safe workplace for all employees and the public. CVRPC will not tolerate acts of violence committed by or against its employees or members of the public while on CVRPC premises, or while performing CVRPC business in other locations.

CVRPC intends to use reasonable legal, managerial, administrative, and disciplinary procedures to secure a workplace free of violence and to reasonably protect employees and members of the public.

Threats, threatening conduct, or any other acts of aggression or violence in the workplace will not be tolerated. Persons engaged in violent acts on CVRPC premises will be reported to the proper authorities and may be fully prosecuted.

In the interest of maintaining a workplace that is safe and free of violence, possession or use of a weapon is prohibited in CVRPC premises, except by law enforcement personnel.

Prohibited Conduct

CVRPC does not tolerate any type of workplace violence committed by or against employees. For purposes of this policy, workplace violence means an act or behavior that:

- Constitutes physical assault, disturbance, breach of the peace or stalking;
- A reasonable person would perceive as obsessive or intently focused on a certain person or persons and is reasonably likely to result in harm or threats of harm to people or property;
- Consists of a communicated or reasonably perceived threat to harm another individual or in any way endanger the safety of an individual;
- A reasonable person would perceive as potentially physically harmful to an individual;
- A reasonable person would perceive as harassing or cause a reasonable person to fear unlawful sexual conduct, unlawful restraint bodily injury or death, including but not limited to verbal threats, written threats, vandalism, or non-consensual physical contact;

#

- Involves carrying or displaying dangerous weapons that are not exempt from this policy, destroying property or throwing objects in a manner reasonably perceived to be threatening; or
- Consists of communicated or reasonably perceived threat to harm another individual or in any way endanger the safety of an individual or to destroy property.

Responsibilities

Employees and management share responsibility for ensuring that CVRPC's workplace is safe and free from violence. Employees are responsible for:

- Being generally aware of personal safety at CVRPC premises, both during working hours and after hours;
- Being generally aware of personal safety while on CVRPC business off-site;
- Bringing concerns about personal safety while conducting CVRPC business to the attention of the Executive Director. For example, this might include safety in the office, safety in the building, or safety at off-site locations where CVRPC business is conducted;
- Having a confidential discussion with the Executive Director about personal safety concerns on the job that are related to personal issues or domestic situations; and
- Refraining from acts of violence.

It is difficult to CVRPC to be proactive in ensuring a safe and violence-free workplace if employees do not communicate safety concerns to management.

The Executive Director is responsible for assessing situations, making judgments as to the appropriate response, responding to reports or knowledge of violence, and initiating the investigation process. The Executive Director is also responsible for procedures designed to reasonably:

- Achieve a prompt and appropriate response to any act of workplace violence;
- Promote accountability among employees for acts of violence committed in the workplace;
- Establish oversight of investigations of violence;
- Establish protocols to provide immediate response to serious incidents;
- Develop avenues of support for employees who experience violence; and
- Ensure that all employees are informed of this policy.

Reports or incidents warranting confidentiality will be handled appropriately and information will be disclosed to others only on a need-to-know basis. Parties involved in a situation will be counseled and the results of investigations will be discussed with them.

Dangerous/Emergency Situations

For non-emergency situations, employees should notify their direct supervisor and/or the Executive Director.

Employees who feel that their safety is threatened in the office or at a third-party site should leave if they feel that they can do so safely, go to another location where they feel safe, and inform the Executive Director as soon as possible.

Employees who confront or encounter an armed or dangerous person should not attempt to challenge or disarm the individual. Employees should call 911 and notify the Executive Director of the need for assistance, if it can be safely done without endangering the employee or others.

Risk Reduction Measures

While we do not expect employees to be skilled at identifying potentially dangerous persons, employees are expected to exercise good judgment and inform the Executive Director if any employee or non-employee exhibits behavior that could be a sign of a potentially dangerous situation. Such behavior includes:

- Bringing a weapon to the workplace;
- Displaying overt signs of extreme stress, resentment, hostility, or anger;
- Making threatening remarks;
- Sudden or significant deterioration of performance;
- Displaying irrational or inappropriate behavior.

The Executive Director will maintain a confidential list of employees who have been determined to be at risk for becoming victims of violence because of the nature of their job or because they are subject to harassment, violence, or threats from a non-employee including family members. This list will include employees who self-identify that they are at-risk, and employees for whom the Executive Director becomes aware that possible violence may be a concern. The Executive Director will design a plan with at-risk employees to prepare for possible emergency situations.

12.0 DISCIPLINARY ACTIONS

The Executive Director has the responsibility and authority to carry out any disciplinary action, including dismissal.

Disciplinary action will be taken to notify an employee of conduct that is improper, as outlined in these Personnel Policies, with the goal of:

- Ending such conduct and continuing his or her employment;
- Informing an employee that he or she is performing at an unsatisfactory level of service;
- Warning or deterring other employees who may be considering similar conduct; and/or
- Dismissal, when it is in the best interest of CVRPC to do so.

12.1 Actions Subject to Discipline

If the Executive Director determines that an employee's behavior or job performance does not meet the standards of CVRPC, the Executive Director may take disciplinary action against the

#

employee. Disciplinary action may be taken for reasons that include, but are not limited, to the following:

- Neglecting or poorly performing professional responsibilities;
- Insubordination (including failing to respond to appropriate requests made by the employee's supervisor or the Executive Director);
- Fighting, swearing or otherwise acting in an unprofessional manner on the job;
- Stealing, lying, cheating or similar behavior on the job;
- Willfully destroying CVRPC or another's property;
- Unauthorized or excessive tardiness;
- Absence from work without an appropriate excuse;
- Abuse of overtime and compensatory time;
- Abuse of sick leave;
- Abuse of vacation time;
- Being intoxicated or under the influence of alcohol, illegal drugs or other substances on the job;
- Using, threatening to use, or attempting to use political influence or exerting pressure on any CVRPC employee or official in securing promotion, increased pay or other benefits;
- Violating state or federal laws related to the employee's job or to issues of public safety, including discrimination, harassment, sexual harassment, workplace violence, etc;
- Generally unacceptable conduct which adversely affects the work capability of CVRPC;
- Conviction of a felony or any criminal conviction that tends to bring CVRPC into disrepute;
- Any violation of written CVRPC policies and procedures;
- Failure to discharge public obligations; or
- Any other act of misfeasance, malfeasance or nonfeasance.

12.2 Disciplinary Action for Staff

All employees are employees-at-will and may be suspended or dismissed without any prior notice, cause, or reason.

Whenever possible, the Executive Director will not resort to formal disciplinary measures until informal attempts to correct the problem have failed; however, the Executive Director may decide to proceed immediately to disciplinary action.

Disciplinary action may include, but is not limited, to the following:

- An oral warning that an employee's behavior or performance needs improvement (this may include an oral or written performance improvement plan with specific dates of review)
- A written warning;
- Suspension from employment, with or without pay;
- Denial of promotion and/or raises;
- Demotion;
- A probationary period; and/or
- Dismissal.

Generally, lesser offenses will receive lesser consequences; repeated offenses will receive more serious consequences. However, the Executive Director will determine the appropriate consequence and may impose any consequence deemed appropriate. Different consequences

#

may be imposed for similar actions (or inactions) depending on the circumstances, the individual employee's job record, the business needs of CVRPC at the time, or other considerations.

Verbal warnings will be documented. The Executive Director will prepare a memo specifying the date of the occurrence and subject matter of a verbal warning. This memo will be added to the employee's personnel file.

Written warnings will include the date of the violation, description of the violation, indication of necessary improvement, and information concerning further disciplinary action that may result from failure to show improvement. Documentation of written warnings will be signed by the Executive Director and the employee and kept in the employee's personnel file. The signature of the employee indicates only receipt of the document, not necessarily his or her agreement with it.

12.3 Disciplinary Action for the Executive Director

The Executive Director is subject to discipline for the actions identified above. The Executive Committee will follow the procedures identified above in disciplining the Executive Director. Dismissal of the Executive Director requires action of the Commission, upon recommendation of the Executive Committee. The Executive Committee may, at its discretion, negotiate a severance package.

13.0 RESIGNATION AND TERMINATION

13.1 Resignation

Exempt employees who intend to resign are asked to notify the Executive Director in writing a minimum of one month in advance. Non-exempt employees are asked to give a minimum of two (2) weeks written notice. In the case of the Executive Director, written notice should be given to the CVRPC Chair.

Employees resigning voluntarily will receive their final paycheck on the next regular payday following their effective resignation date. Payment for accrued but unused vacation time, up to the maximum accumulation amount, will be included with the final paycheck.

13.2 Termination

All employees are employees-at-will and may be suspended or dismissed without any prior notice, cause, or reason.

Staff Reductions

Occasionally, staff reductions may occur at the discretion of the Commission, because of circumstances such as a lack of sufficient funding for programs, lack of need for programs, or program reorganization.

If CVRPC decides to reduce staff members, affected employees will receive notice as early as possible, but at least 30 days notice will be given. Affected employees are encouraged to apply for any openings in other CVRPC programs for which the employee qualifies. If there are no suitable openings for which the employee is qualified, or if the employee applies for and is not hired for any openings that exist, the employee will be terminated. Payment for accrued but unused vacation time, up to the maximum accumulation amount, will be included with the final paycheck.

#

Involuntary Dismissal

An employee may be involuntarily dismissed at will. Notwithstanding the disciplinary procedures set forth above, an employee may be dismissed without full process for dishonesty, insubordination, misconduct, job abandonment or other circumstances, which in the judgment of the Executive Director, require immediate dismissal.

Employees who are involuntarily discharged will receive pay for the time worked up to the date of discharge and any applicable benefits within 72 hours of the discharge, per Vermont law.

13.3 Exit Process

All resigning or terminated employees will have an exit meeting with the Executive Director, or his or her designee, during the last week of employment. During the meeting, the employee will complete and sign all necessary forms and arrange to relinquish possession of keys. The employee will verify his or her current address and telephone number and arrange for release of a final paycheck.

APPENDIX A
Central Vermont Regional Planning Commission
Summary Description of Benefits
Updated 05/23/16

Eligibility for these benefits is outlined in CVRPC's Personnel Policies. CVRPC reserves the right to change, delete or amend these plans or CVRPC's contributions at any time. The Executive Committee approves any changes to employee benefits.

Health Insurance

CVRPC offers full choice of plans available through Blue Cross Blue Shield of Vermont (BCBSVT). A description of plans are available at <http://info.healthconnect.vermont.gov/healthplans>.

CVRPC contributes premium amounts equal to 100% of the premium for the Standard Silver Consumer Directed Health Plan (CDHP) for employees and family members. The value of this benefit is:

Single	Couple	Parent + Child(ren)	Family
\$5,626.80	\$11,253.60	\$10,859.76	\$15,811.32

If an employee elects another BCBSVT plan, the employee will pay the difference in premium through payroll deduction.

Employees participating in high deductible health plans may elect to establish a health savings account as allowed by the Internal Revenue Service, and may contribute funds through pre-tax payroll deductions at the employee's expense.

Employees are responsible for paying 100% of any deductibles and co-pay amounts required by individual plans.

Should a regular, full time employee elect not to receive health insurance coverage through CVRPC, CVRPC will make a cash payment equal to one-half the annual CVRPC insurance contribution value to the employee, subject to taxes, through regular payroll contributions.

Dental Insurance

CVRPC offers dental insurance through Northeast Delta Dental's Group B2 program. A description of the plan is available upon request.

CVRPC pays 100% of the premium for employees and family members. The value of this benefit is:

Single	Couple	Family
\$ 411.24	\$774.12	\$1,368.48

Employees are responsible for paying 100% of any deductibles and co-pay amounts required by individual plans.

#

Retirement

CVRPC provides a Simplified Employer Pension (SEP) Plan. CVRPC contributes 5% of the annual salary for each full-time employee. Contributions are made quarterly. Full-time employees are eligible for the pension plan following one full year of employment.

Employee can chose to contribute additional funds to their SEP through payroll deduction or independent direct contribution by the employee as of July 1, 2016.

Life Insurance

CVRPC provides life insurance of \$50,000 per employee. CVRPC pays 100% of the premium.

Disability Insurance

CVRPC provides short and long-term disability insurance of up to \$500 per week depending on an employee's salary. CVRPC pays 100% of the premium.

Remuneration Benefit

Remuneration benefits related to compensatory time, holiday, sick and vacation time are outlined in CVRPC's Personnel Policies.

Adopted: September 6, 2016

APPENDIX B – CVRPC Wage Ranges

Adopted September 6, 2016

Job Title	Minimum	Mid-Point	Maximum
Executive Director	\$70,000	\$82,500	\$95,000
Finance/Office Manager	50,000	60,000	70,000
Program Manager	55,000	65,000	75,000
Senior Planner	48,000	56,500	65,000
Planner	36,000	43,000	50,000
Assistant Planner	33,000	35,000	38,000
Planning Technician	24,000	27,000	30,000

#

APPENDIX C – Job Descriptions

CENTRAL VERMONT REGIONAL PLANNING COMMISSION

JOB DESCRIPTIONS INTRODUCTION

The Central Vermont Regional Planning Commission's job descriptions articulate the most important outcomes needed from employee performance within each position. The job descriptions are a tool to inform employees where their job leaves off and the job of another employee begins, where their job fits within the overall organizational framework, and what to expect from other employees

Job descriptions for planners and program managers include the basic description plus one or more major area(s) of work as noted in each description. Staff may have a special project related to a major area of work without it being assigned as a major area.

The job descriptions are an integral piece of the performance development and appraisal process. An employee must demonstrate the requisite skills and abilities have been required within an existing position and characteristic duties of a position can be successfully completed before being promoted to a higher-level position.

Progression within positions is characterized generally by:

- increasingly complex knowledge of one or more planning disciplines or, in the case of non-planning positions, by increasingly complex knowledge in the position's field;
- increasingly complex knowledge of state and federal law;
- the ability to tailor implementation tools to increasingly complex circumstances;
- the ability to conceptualize, plan, carry out, and manage increasingly complex projects and programs; and
- the ability to manage increasing complex work groups.

The job descriptions encourage employees to grow within their position and contribute over time to CVRPC. An employee's job is subject to change for personal growth, CVRPC's organizational development, and/or evolution of new technologies.

CVRPC will provide opportunities for professional development. It will work to assist its staff to acquire skills and knowledge within a position and provide coaching to enable progression to the next position. Development opportunities may include, and are not limited to:

- access to employees doing the job currently;
- training classes and professional conferences;
- on-the-job developmental opportunities;
- job shadowing;
- mentoring;
- promotions;
- coaching from supervisor; and
- a formal succession planning process.

Employee initiative is a large part of professional development. Employees are expected to maintain, and progress in, professional skills and knowledge, and to apply that knowledge for the benefit of CVRPC, its member communities, and its partners and funders.

Adopted: 5/2/16

CENTRAL VERMONT REGIONAL PLANNING COMMISSION**MAJOR AREAS OF WORK****Cross-Discipline Duties*****Public and Community Engagement***

- Serve as staff support and a technical resource for standing and advisory committees established by CVRPC and for various modal or project based committees, including conducting orientation meetings with new committee members.
- Develop draft correspondence, reports, presentations, publications, newsletter, press releases, and digital media articles.
- Prepare contact lists, surveys, databases, and mailings, and coordinate printing and distribution as necessary.
- Establish and maintain effective working relationships with government officials at all levels, private groups, the press, and the public.
- Attend meetings with local and regional officials, boards, and committees as needed.
- Work with, and be responsive to, local officials and the public on matters of local and regional planning.
- Respond to requests for information and data.
- Serve on committees of statewide or regional focus to represent CVRPC's interests.
- Represent the region on regional and state projects during their development.
- Conduct informational meetings and public hearings.
- Prepare and implement public engagement plans for Major Area of Work.

Training and Education

- Organize and/or conduct trainings, conferences, and educational workshops for local officials, regional commissioners, and/or the general public.
- Develop handbooks, templates, and model documents for use by local boards and officials.
- Maintain and update CVRPC's digital and hard copy files, federal and state data, and library resource materials.
- Monitor relevant legislation and inform the Executive Director and other staff of legislation development and potential impacts.

Municipal Technical Assistance

As they relate to Major Areas of Work, provide technical assistance to member municipalities in areas including, but not limited to:

- comprehensive plan and bylaw development and adoption;
- local bylaw administration and project reviews;
- municipal ordinances and policies;
- growth management;
- project development including use of non-regulatory tools to achieve Major Area of Work and community development goals;
- grant writing, project development, and grant administration;
- special studies; and
- proper procedures and compliance with state and federal law.

#

Regional Planning

- Participate in, assist with, and/or serve as project coordinator/manager for special projects and regional planning efforts as assigned, including but not limited to: data collection, analysis, and report/draft preparation associated with regional plan development and updates, other Commission work areas, and special studies.
- Participate in state planning efforts. Review state agency plans, policies and programs for conformance with regional planning efforts. Prepare draft responses to public and agency correspondence for review by the Executive Director.
- Coordinate local and regional planning activities with state and federal agencies.
- Provide primary technical planning support to other Commission staff, CVRPC and its standing and advisory committees, and other groups as assigned.
- Undertake professional technical analysis, prepare written reports, and/or make public presentations as needed.
- Identify municipal and regional needs, develop projects and funding applications to meet those needs, and manage implementation projects.
- Develop project budgets, administer bidding process, and verify contract expenditures and compliance as needed.
- Work with the Finance/Office Manager and Executive Director on administration and management of relevant planning program, including, but not limited to:
 - preparing and administering project proposals, funding applications, work plans, budgets, and contracts; and
 - soliciting, managing, and supervising contractors.
- Carry out the Local Liaison Role as outlined in the DEMHS/RPC Memorandum of Understanding when requested by CVRPC's emergency management staff.

CENTRAL VERMONT REGIONAL PLANNING COMMISSION

MAJOR AREAS OF WORK

Geographic Information Systems

In addition to the knowledge and skills outlined elsewhere, progression within this position range is characterized by increasingly complex knowledge of GIS applications and land use planning, and by increasing ability to envision planning objectives and to translate planning issues into GIS applications, to prepare GIS analysis and present comprehensive reports, and to conceptualize, prepare and administer technical projects, work plans, budgets and contracts.

Geographic Information Systems Services

- Plan for the long-range GIS needs of the region, including the maintenance and improvement of CVRPC's spatial databases and related map products.
- Provide GIS services, including comprehensive spatial analyses, to CVRPC, the region's municipalities, and other stakeholders.
- Complete map production activities in accordance with VCGI standards.
- Work with other regional planning commissions and local, state, and federal GIS stakeholders to enhance the region's GIS databases and educational programs.
- Coordinate with the Executive Director and other staff regarding related GIS, technical and financial contract elements, grant proposals, requests for proposals. Prioritize, execute and/or technically oversee GIS projects.
- Ensure the quality and timeliness of GIS-related work performed by CVRPC.
- Staff the State Emergency Operations Center when activated by the Department of Emergency Management and Homeland Security.

IT Administration

- Manage CVRPC's IT infrastructure.
- Develop CVRPC's digital equipment replacement plan and oversee the purchase and maintenance of all IT equipment, products, and software.
- Manage CVRPC's website, workstations, network, internet access, server and printers including backups, upgrades, replacements and limited repairs.
- Interface with CVRPC's Internet Service Provider, telephone and computer-related vendors.
- Provide IT support to other staff, including user education.

Adopted: 5/2/16

CENTRAL VERMONT REGIONAL PLANNING COMMISSION

MAJOR AREAS OF WORK

Emergency Management

In addition to the knowledge and skills outlined elsewhere, progression within the position range is characterized by increasing ability to knit emergency preparedness activities and hazard mitigation initiatives into other municipal and regional initiatives.

Municipal Technical Assistance

- Provide technical assistance to member municipalities regarding proper procedures and compliance with state and federal hazardous materials law.
- Assist communities with the incorporation of federal government's National Incident Management System (NIMS) and Incident Command Structure (ICS) into emergency management operations.
- Assist communities with the development of Local Emergency Operations Plans to ensure consistency with the State of Vermont Emergency Operations Plan and federal NIMS requirements.
- Work to secure purchases of equipment via Homeland Security Funds, following appropriate federal and state procurement guidelines.
- Serve as liaison between local first response agencies and Vermont Public Safety officials to ensure State Emergency Management objectives are met.
- Assist communities with the development of Local Hazard Mitigation Plans following FEMA and Vermont Department of Emergency Management and Homeland Security (DEMHS) guidelines. Provide technical assistance to integrate those plans into municipal and regional comprehensive plans.
- Assist municipalities to maintain and increase their Emergency Relief Assistance Fund (ERAF) rating.
- Conduct infrastructure assessments that assist municipalities to inventory, assess, and address deficiencies in emergency response infrastructure, and to plan for future infrastructure needs.
- Educate municipalities and other stakeholders about the National Flood Insurance Program (NFIP) and the Community Rating System (CRS). Provide assistance to meet program requirements.

Regional Planning

- Carry out activities in CVRPC's Emergency Management Performance Grant agreement with the Department of Emergency Management and Homeland Security.
- Serve as staff support and a technical resource for Local Emergency Planning Committee (LEPC) #5 to ensure its statutory responsibilities for hazardous materials planning under Title III of the Superfund Amendments and Reauthorization Act (a.k.a. SARA Title III or Emergency Planning and Community Right-to-Know Act) are met.
- Develop and/or distribute emergency preparedness messages for the public to/for local media outlets.
- Coordinate all-hazards emergency planning efforts with local Public Service District (PSD)-A organizations, municipalities, public safety departments, hospital, Vermont Department of Health, Vermont Agency of Transportation, and Vermont Department of Emergency Management and Homeland Security.

#

- Provide project management for delivery of LEPC-related hazardous materials exercises.
- Meets with staff from municipalities, schools, hospital, public health, fire, law enforcement, rescue, and businesses to provide assistance in developing emergency plans for facilities and to coordinate use of county resources during an emergency.

State Support

- Participate in required and optional trainings and exercises to expand knowledge and skills for various emergency management roles.
- Staff the State Emergency Operations Center when activated by the Department of Emergency Management and Homeland Security.
- Carry out the Local Liaison Role as outlined in the DEMHS/RPC Memorandum of Understanding.
- Ensure CVRPC meets its performance requirements for the Agency of Commerce and Community Development's Business, Agriculture, Historic and Cultural Damage Assessment online information collection system.

Adopted: 5/2/16

CENTRAL VERMONT REGIONAL PLANNING COMMISSION

MAJOR AREAS OF WORK

Natural Resources

Municipal Technical Assistance

- Provide technical assistance to and assist member municipalities with meeting the requirements of Act 64, the Lake Champlain Total Maximum Daily Load Plan, and state and federal water quality rules, procedures and law.
- Engage municipalities in design and implementing Green Stormwater practices and in adopting Green Infrastructure policies and practices.
- Provide technical assistance to municipalities to enhance and protect critical forest blocks, wildlife habitat, and habitat connectors, to plan for invasive species impacts, and to plan for the needs of the forest products industry.#
- Develop strategies and tools for regions and municipalities to maintain and enhance environmental health.
- Assist municipalities to implement energy conscious land use regulations and create internal policies aimed at reducing energy use.
- Assist municipalities with conservation and natural resource planning.

Regional Planning

- Develop and manage special projects as assigned in areas such as stormwater management, river corridor and riparian buffer stabilization, etc.
- Work with local and regional partners to develop and implement projects to support watershed and community health.
- Complete - or support development of - tactical basin plans, geomorphic assessments, river corridor plans, and other water quality-related plans.
- Carry out activities in CVRPC's Clean Water Initiative agreement, funded by the Vermont Agency of Natural Resources.
- Engage stakeholders in regional conversations about energy efficiency, conservation, and development.
- Draft energy and/or climate action plans, and design and implement projects and programs that have a transformative effect on individual and community energy use.
- Review proposed alternative energy generation facilities.
- Engage and work with stakeholders to protect critical forest blocks, wildlife habitat, and habitat connectors and to plan for the needs of the forest products industry.#

#

Adopted: 12/5/16

CENTRAL VERMONT REGIONAL PLANNING COMMISSION**MAJOR AREAS OF WORK****Brownfield Redevelopment*****Community Engagement***

- Serve as staff support and a technical resource for CVRPC's Brownfield Advisory Committee and site-based committees.
- Develop marketing materials targeting private and public property owners, lenders and developers.
- Conduct marketing to leverage developer/lender interest in properties.
- Hold and facilitate public meetings related to program goals and site specific public engagement needs.

Site Assessment and Management

- Develop and actively manage a portfolio of brownfield sites.
- Provide technical assistance and support to site owners and prospective developers, including obtaining required site documentation, liaising with municipal, state and federal officials and staff, and anticipating and responding to inquiries.
- Assist the Advisory Committee to rank and prioritize sites.
- Verify site eligibility in accordance with program requirements.
- Hire, manage, monitor, and evaluate environmental contractors.
- Hire, manage, monitor, and evaluate attorneys and other service professionals.
- Conduct planning meetings with state and federal staff and environmental contractors.
- Ensure environmental studies are completed in accordance with state and federal requirements.
- Review and comment on Quality Assurance Project Plans and site specific reports, plans, and other documents.
- Perform public outreach and involvement in site specific cleanup and reuse planning.
- Support site assessment and redevelopment by tracking grant and financing opportunities and assisting in preparing applications.

Regional Planning

- Carry out activities in CVRPC's Brownfield Cooperative Agreements.
- Develop and revise plans, codes, standards, and ordinances which relate to environmental protection and assist communities to avoid future brownfields and their potential impacts.

Adopted: 5/2/16

CENTRAL VERMONT REGIONAL PLANNING COMMISSION

MAJOR AREAS OF WORK

Other Areas of Work

CVRPC continually strives to increase the breadth of services to its member municipalities and State and Federal agencies. The following areas represent additional areas of work for CVRPC that may evolve into Major Areas of Work in the future.

Housing

- Support public awareness campaigns related to housing, housing issues, and partnerships concerned with the availability and affordability of housing.
- Work with abutting regional commissions to understand growth pressures and plan to mitigate possible impacts.
- Craft regional policies with the understanding that choices on transportation, economic development, basin planning, etc. impact the supply and cost of housing.
- Review development plans to ensure that projects create housing, and do so in an appropriate way and in an appropriate location.
- Assist municipalities in addressing the location, type, scale, energy efficiency, and density of housing in local plans and regulations.
- Assist municipalities with public sewer and water improvement projects, environmental due diligence, housing planning and construction grants, and revisions to regulations to allow the adaptive reuse of space in abandoned or underutilized buildings for housing and to increase housing density as desired.

Agriculture and Food Systems

- Support local and regional food systems planning.
- Assist communities to develop and support agricultural and agripreneurism enterprises.
- Facilitate municipal and agricultural transition to composting requirements.
- Develop and implement strategies and tools for regions, municipalities, and landowners to maintain and enhance agricultural viability.

Healthy Communities

- Assist the health community and municipalities to implement a Health in All Policies approach aimed at improving community health outcomes.
- Work with local, state, and national partners to prevent chronic diseases and reduce health gaps through development and promotion of lasting strategies that help people make healthy choices where they live, learn, work, and play.
- Design and implement projects and programs that have a transformative effect on community health.

Community and Economic Development

- Provide technical assistance to member municipalities and non-profit partners for facility and service projects that further community development, such as health care, libraries, schools, social services, cultural institutions, water and wastewater, housing, and a positive civic ethic that promotes growth, cooperation, and inclusion.

#

- Assist residents, governments, businesses, organizations, and institutions to pursue and utilize broadband infrastructure and technology.
- Assist in the creation of new cross sector partnerships, the identification of broadband technology gaps, and the creation of regional and statewide strategies and actions.

Adopted: 12/5/16

CENTRAL VERMONT REGIONAL PLANNING COMMISSION**EXECUTIVE DIRECTOR****Job Description****GENERAL DESCRIPTION**

The Executive Director is responsible to the Executive Committee for overall leadership and management of all the organization's activities and for working with member municipalities, community stakeholders, government agencies, and the legislature to achieve regional goals.

Work will be required throughout the region and attendance at evening meetings and some weekend meetings is required.

CHARACTERISTIC DUTIES***Organizational Leadership***

- Identify unmet regional needs, opportunities for addressing regional issues, and conceptualize strategies to accomplish the organization's strategic goals.
- Inform the Executive Committee and Commission on the activities and condition of the organization and any trends, events, or emerging issues of significance to the organization's success.
- Provide support to Commission members as they establish organizational priorities, and provide recommendations on organizational policies and bylaw updates.

Program Management

- Develop, update and implement the Regional Plan and other organizational planning documents, consistent with the requirements of Vermont statutes and federal programs.
- Develop and manage programs and services, including municipal technical assistance, transportation planning, GIS mapping, emergency planning and mitigation, contract projects, grant administration, and public information and training.
- Evaluate planning-related legislation and applicability to projects and contracts.
- Evaluate and review organization's proposals for grants and contractual services.
- Oversee, or delegate as appropriate, contracts with firms and/or individuals performing services for the organization.
- Ensure timeliness and quality of project and contract reports and deliverables.

Human Resources

- Manage human resources, including preparation of position descriptions, assignment of responsibilities, candidate searches, hiring, firing, staff retention, and annual performance evaluation.
- Supervise all the organization's staff, either directly or indirectly through senior staff.
- Administer benefit programs.
- Ensure on-going training and development for staff and Commissioners.
- Develop and maintain a positive work environment.

#

Budgeting

- Design and implement an annual work program and budget that focuses organizational resources to best serve the region's municipalities and residents.
- Manage organization's budget, including identification of revenue sources, preparation of grant applications, budgets and contracts with state and federal agencies, local governments, non-profit and for-profit organizations, and preparation of financial reports to the Executive Committee and Commission.

Relationships and Advocacy

- Advocate for the region and its member municipalities at national and state levels.
- Develop and maintain effective relationships with member municipalities.
- Develop and maintain effective relationships with State agencies, the Vermont General Assembly, and the Governor's office.
- Develop and maintain effective relationships with other regional commissions and organizations.
- Strengthen effective public participation and build relationships that will enable the organization to serve its member municipalities.
- Communicate effectively with the media and public.

TYPICAL KNOWLEDGE

- Considerable knowledge of the theory, principles, and techniques of the planning profession and development process.
- Considerable knowledge of the federal, state, and local laws, ordinances, and codes pertaining to a wide variety of planning topics, including local land use, Act 250 and Section 248 development review, and transportation planning.
- Considerable knowledge of principles of personnel management, including supervision, training, and performance evaluation.
- Considerable knowledge of the methods and techniques of research and analysis.
- Considerable knowledge of the principles of budgeting and finance.
- Knowledge of computer applications, including Microsoft Office, Internet applications, and use of GIS as a planning tool.

TYPICAL SKILLS

- Effective leadership, appropriate to all levels of staff, Commission, government entities, and public.
- Proven management skills and ability to manage day-to-day operations.
- Present ideas and findings, both written and orally, clearly and concisely.
- Establish and maintain effective working relationships with a wide diversity of individuals and groups.
- Proven grant-writing skills.
- Lead a wide variety of projects, both independently and in a team environment.

#

MINIMUM QUALIFICATIONS

- Degree in planning, public administration or closely related fields; Master's degree is preferred.
- Fifteen years of progressively responsible planning and management experience.
- Eight years of experience in supervisory roles, including direct experience with program, personnel and project management, preferably with a regional or metropolitan planning organization.
- AICP certification is preferred but not required.
- Direct experience with budget formulation and management.
- The employee must be flexible in their scheduling and have their own means of transportation.
- Must be a U.S. citizen or otherwise lawfully authorized to work in the United States.

Adopted: 5/2/16

**CENTRAL VERMONT REGIONAL PLANNING COMMISSION
FINANCIAL AND OFFICE MANAGER**

Job Description

GENERAL DESCRIPTION

The Financial and Office Manager position is multi-dimensional. It performs administrative, financial, and business management work at a professional level to ensure the organization's financial health and smooth operations. This position requires an attention to detail, the skills of a diplomat, the ability to respond quickly to changing workloads, and working independently.

The Financial and Office Manager works independently under the general direction of the Executive Director, and provides administrative support to planning staff and the Commission's Treasurer. It is the position's responsibility to deal regularly with, and represent the Commission to, a variety of outside financial institutions, government and insurance agencies, vendors, and accountants.

Work is required primarily at the CVRPC office and attendance at limited evening meetings is required. Limited field work may be required, primarily in association with sub-recipient and contractor monitoring.

CHARACTERISTIC DUTIES

Financial Management

- In consultation with the Executive Director and the Commission's Treasurer, plan and oversee all financial and business management systems of the Commission, including accounting, personnel payroll and benefits, grants and contracts, service contracts, fixed assets, cash flow, investment, loans, leases and purchases; develop and/or modify systems and policies in accordance with government regulations and organizational needs.
- Perform a full range of professional bookkeeping, accounting and financial analysis functions, including various account balancing and reconciliation tasks; payroll tax reporting and tax return preparation; cash flow, investment and loan management; end-of-year account auditing and closing functions; and data compilation and analysis as part of budget planning and administrative functions. Prepare a wide variety of fiscal/business reports for internal use and as required by outside agencies; prepare for and coordinate annual external audits/financial reviews.
- Manage the organization's annual audit.
- Research and administer Commission insurance and employee benefit programs; provide orientation for new employees with regard to Commission benefit plans and personnel policies.
- Develop and monitor the budget for CVRPC, and prepare budget forecasts.
- Provide financial and administrative support and interact with outside organizations as designated by the Commission, such as the Mad River Valley Planning District, Wrightsville Beach Recreation District, Mad River Resource Management Alliance, and Local Emergency Planning Committee #5.
- Pursue professional development opportunities.

Grants and Compliance Administration

- Serve as the Commission's expert on grant compliance and interpretation of OMB's Uniform Guidance at 2 CFR Part 200 and all applicable regulations, policies and procedures. Translate requirements into operational policies as required. Develop and administer policies, systems, and documentation to ensure compliance, incorporate best practices, and ensure excellent controls.
- Work with the Executive Director and staff to ensure an accurate, timely, efficient and transparent process for the entire grant life cycle, from proposal to close. This entails grant/contract proposal development, pre-award management, expense reporting, tracking payments, reviewing or producing relevant reports, monitoring and post-award management.
- Provide hands-on training to staff as it relates to grant administration, federal and state guidance and compliance policies, and organizational policies.
- Ensure federal sub-recipient monitoring and evaluations are completed. Design and manage the due diligence and monitoring process for sub-recipients. Proactively interpret and assess sub-recipient gaps, provide technical assistance as necessary, and surface and address issues.

Office Management

- Establish and maintain the Commission's filing and record-keeping systems related to all assigned functions, including financial, personnel, office insurance and worker's compensation records, and public record files, in accordance with Commission policies and federal and state requirements. Assist planning staff in the maintenance of municipal and planning files. Ensure public records laws are followed.
- Develop and implement new administrative systems, such as record management.
- Maintain the condition of the office and arrange for necessary repairs.
- Research and recommend sources and financing for needed office equipment and services; coordinate purchase and installation of equipment.
- Order and maintain inventory of office supplies.
- Maintain various mailing lists and records, manual and computerized; compile up-to-date information for mailing lists; update lists; coordinate mailings; distribute and sort incoming mail.
- Organize staff and Commission meetings, including agenda distribution/posting and minute taking. Assist in meeting preparations.
- Oversee the recruitment of new staff, sometimes including training and induction.
- Serve as principal receptionist for the Commission; answer phone and greet visitors; screen callers/visitors; take messages; answer a variety of basic questions related to Commission functions, services, policies, and procedures.
- Provide assistance to the staff, Commissioners, and public by filling requests for information; assisting in data collection and analyses and report production; and providing clerical support, including the photocopying and distribution materials, as needed and as time permits. Assist planners with database entry, record keeping, and filing for permit applications.
- Edit newsletters; prepare monthly staff reports and annual reports to member towns
- Review and update office operating procedures and policies.
- Assist municipalities with development and update of capital budgets and programs
- Prepare special reports and projects as requested.

#

- Depending on the skills of the employee, duties may extend to the management of social media.

TYPICAL KNOWLEDGE

- Thorough knowledge of accounting and budgeting principles and practices.
- Considerable knowledge of administrative and business principles and practices.
- Working knowledge of personnel administration principles and practices, including HIPAA requirements and compliance.
- Knowledge of audit procedures and OMB's Uniform Guidance at 2 CFR Part 200.
- Knowledge of Vermont Agency of Administration policy, procedure, and guidance.
- General knowledge of computer systems, ability to problem solve with computers, and manage computer files.
- Familiarity with the operations and management of typical office equipment and office support systems.

TYPICAL SKILLS

- Attention to detail.
- Ability to prioritize duties and work on several issues simultaneously.
- Ability to meet firm deadlines.
- Ability to develop and implement administrative procedures and evaluate their effectiveness.
- Ability to supervise and to exercise discretion in applying policies.
- Ability to communicate effectively orally and in writing and to work independently.
- Ability to work effectively with staff, Commissioners and the general public is essential.
- Ability to be proactive to initiate actions as needed, and to present complex financial data clearly to non-finance audiences.
- Capability and judgment to see the larger financial picture and simultaneously pursue a high degree of accuracy in professional accounting work. The ability to balance big picture work and detailed work when necessary will lead to effective performance in this position.
- Proficiency in QuickBooks and Microsoft Office products.
- Self motivated to learn new concepts and to participate in new projects .
- Strong administrative, analytical, and communication skills.

MINIMUM QUALIFICATIONS

- Bachelor's degree in accounting or related discipline and three to five years in a similar position; master's degree in accounting, business or financial management preferred.
- Broad base of technical knowledge and skills in accounting theory and methods.
- Relevant knowledge of state and federal grant management and contract administration is highly desirable.
- US citizen or otherwise lawfully authorized to work in the United States.

Adopted: 5/2/16

CENTRAL VERMONT REGIONAL PLANNING COMMISSION

PROGRAM MANAGER

Job Description

GENERAL DESCRIPTION

The Program Manager position is reserved for Senior Planners who supervise and participate in advanced, highly complex professional planning activities.

A Program Manager works independently under the general direction of the Executive Director and, in consultation with the Executive Director, manages specific Commission programs .

The Program Manager typically manages other staff and is expected to work closely and effectively with other staff as part of a strong interdisciplinary planning team. The position requires significant and on-going contact, communication, and coordination with municipal representatives, and regional and state organizations and State and Federal agencies.

Work is required throughout the region and state; considerable in-state travel may be required. Attendance at a substantial number of evening meetings and some weekend meetings is required. Limited field work may be required.

MAJOR AREAS OF WORK

Major areas of work will vary among Program Managers. Major areas of work are assigned prior to the hiring/promotion process. Initial areas of work will be documented in an employment offer or employee promotion letter. Major area(s) of work will also be included as an attachment to the job description in an employee's personnel file.

The Commission may modify or add to major areas of work and/or may assign special projects or duties outside major areas based on its needs. Special projects and duties outside major areas of work typically would constitute no more than 30% of the Program Manager's workload. The Commission may designate a Program Manager to function as Acting Director, but in no case will an employee function in this capacity without written documentation in the employee's personnel file.

CHARACTERISTIC DUTIES

- Perform and manage complex and sensitive professional planning projects, research, and analysis.
- Provide overall management of program-related planning issues.
- Advise various councils, boards, commissions and elected officials in planning-related issues.
- Assign work to professional staff and ensure appropriate training is provided.
- Evaluate operations and activities of assigned responsibilities.
- Prepare reports on operations and activities, recommending improvements and modifications.
- Develop and administer program-specific budgets and workplans; monitor and control expenditures; insure deliverables meet deadlines.
- Review and understand all relevant documents and conditions pertaining to the program; monitor and ensure compliance with local, state and federal laws.
- Present planning and programming to internal and external parties.

#

- Establish and define any job-oriented program control procedures and identify the level of resources required to operate them.
- Review overall program status with the program team and Executive Director and recommend corrective action where necessary.
- Supervise the activities of the program team both in their productivity and the technical adequacy of their output.
- Liaise with other Program Managers and Senior Planners at all meetings relevant to program operations and ensure that the time and cost plans are updated to reflect latest information.
- Handle sensitive personnel matters.
- Pursue professional development opportunities.

TYPICAL KNOWLEDGE

- Thorough knowledge of planning and development, and local government policies and procedures.
- Thorough knowledge of one or more areas of specialization, including but not limited to the Commission's Major Areas of Work.
- Well-developed knowledge of research methods and statistical principles related to growth and development.
- Well-developed knowledge of methods and techniques of effective technical report preparation and presentation.
- Thorough understanding of pertinent federal, state and local laws, codes and regulations including recent changes and how they are to be applied.
- Knowledge of principles and practices of supervision, training and personnel management.
- Knowledge of budgeting procedures and technique, including knowledge of budgeting relationship between and among projects/programs.
- Well-developed knowledge of recent developments, current literature and sources of information related to regional and municipal planning and administration.
- Knowledge of CVRPC, regional commission and local government procedures and practices.
- Thorough knowledge of citizen involvement techniques and processes.
- Knowledge of computer hardware and software programs, which may include Microsoft Office, Internet applications, econometric or transportation modeling, database management, or GIS.

TYPICAL SKILLS

- Must be innovative, detail-oriented, experienced in highly visible/controversial projects.
- Capable of managing multiple, high-priority assignments.
- Strong interpersonal skills to develop good working relationships at various levels and to resolve complaints.
- Strong analytical skills to interpret research data for reports and apply mathematic techniques in practical situations.
- Reading comprehension to understand technical and legal materials.
- Experienced in management of contractors and stakeholders.
- Experienced in developing workplans and budgets for multiple types of projects.
- Demonstrated ability to work on several projects or issues simultaneously.
- Demonstrated ability to manage projects effectively and meet firm deadlines.

#

- Demonstrated ability to be a role model for planners and lead by example.
- Demonstrated ability to solve problems and introduce innovation.
- Demonstrated ability to assess risks and opportunities.
- Demonstrated ability to work under own initiative to deadlines.
- Demonstrated ability to manage and follow-up on the duties and performance of planning teams.
- Demonstrated ability to lead, support, supervise and train other planners.

MINIMUM QUALIFICATIONS

- Degree in planning or closely related field and ten years of professional experience in planning or related field.
- AICP or similar professional certification preferred. CFM, GISP or other program-specific certification preferred.
- Three or more years of supervisory experience preferred.
- The employee must be flexible in their scheduling and have their own means of transportation.
- Must be a U.S. citizen or otherwise lawfully authorized to work in the United States.

Adopted: 5/2/16

CENTRAL VERMONT REGIONAL PLANNING COMMISSION**SENIOR PLANNER****Job Description****GENERAL DESCRIPTION**

The Senior Planner position is multi-faceted, requiring advanced professional planning experience of high complexity and variety, and broad knowledge of municipal and regional comprehensive planning, federal and state planning law, and a variety of regulatory and non-regulatory implementation tools.

The Senior Planner works independently under the general direction of the Executive Director and, in consultation with the Executive Director, may oversee specific Commission programs. The Senior Planner is expected to work closely and effectively with other staff as part of a strong interdisciplinary planning team. The position requires significant contact, communication, and coordination with volunteer groups, municipal representatives, and regional and state organizations and agencies.

Work is required throughout the region and attendance at a substantial number of evening meetings and some weekend meetings is required. Limited field work may be required.

MAJOR AREAS OF WORK

Major areas of work will vary among Senior Planners. Major areas of work are assigned prior to the hiring/promotion process. Initial areas of work will be documented in an employment offer or employee promotion letter. Major area(s) of work will also be included as an attachment to the job description in an employee's personnel file.

The Commission may modify or add to major areas of work and/or may assign special projects or duties outside major areas based on its needs. Special projects and duties outside major areas of work typically would constitute no more than 25% of the Senior Planner's workload. The Commission may designate a Senior Planner to function as Acting Director in the absence of a Program Manager, but in no case will an employee function in this capacity without written documentation in the employee's personnel file.

CHARACTERISTIC DUTIES

- Perform advanced professional work related to a variety of planning assignments.
- Manage complex planning studies, review development applications, and review consultant proposals and deliverables.
- Develop and review complex long-range plans, studies, analysis, and policies.
- Develop project budgets, administer bidding process, verify contract expenditures and compliance.
- Conduct research and prepare statistical reports on land use, physical, social and economic issues.
- Provide professional planning assistance to member communities on varied planning projects.
- Work in regional-level program areas relating to major area(s) of work.
- Schedule and conduct meetings with advisory groups, local boards, and elected officials.
- Present reports and other findings to municipal boards and officials and State and Federal agencies. Serve as liaison to project and program committees.

#

- Write funding applications.
- Work on statewide project teams with staff from other Regional Planning Commissions, when designated.
- Supervise more junior planners within the organization.
- Pursue professional development opportunities.

TYPICAL KNOWLEDGE

- Advanced knowledge of the philosophies, principles, practices and techniques of planning.
- Well-developed knowledge of one or more areas of specialization, including but not limited to the Commission's Major Areas of Work.
- Knowledge and experience in construction processes.
- Knowledge of principles, methodology, practices of research and data collection.
- Knowledge of effective writing techniques.
- Knowledge of computer hardware and software programs, which may include Microsoft Office, Internet applications, and GIS.
- Knowledge of spatial structure or physical design and the way in which cities and rural areas work.
- Extensive knowledge of plan-making and project evaluation.
- Well-developed understanding of local, state, and federal government programs and processes, including regulations that guide those programs.
- Well-developed understanding of the social and environmental impact of planning decisions on communities.
- Sufficient understanding of the legal foundation for land use regulation to review and comment on proposed legislation and state and federal policy.
- Understanding of the interaction among the economy, transportation, health and human services, and land-use regulation.

TYPICAL SKILLS

- Excellent oral and written communication skills for preparing and presenting planning reports and projects.
- Excellent interpersonal skills for facilitating relationships with elected/appointed officials or other decision-makers.
- Mastery of techniques for involving a wide range of people in making decisions.
- Group facilitation skills for use with community workshops, including the ability to function as a mediator or facilitator when community interests substantially conflict.
- Creative problem-solving skills to gather relevant information to solve less well-defined planning problems.
- Ability to analyze demographic information to discern trends in population, employment, and health, and to frame policies to influence those trends.
- Ability to work with the public and articulate planning issues to a wide variety of audiences.
- Ability to envision alternatives to the physical and social environments in which we live and develop projects and policies to achieve those alternatives as appropriate.
- Demonstrated ability to work on several projects or issues simultaneously.
- Demonstrated ability to manage projects effectively and meet firm deadlines.
- Experience in providing effective supervision and staff management to achieve team goals.

#

MINIMUM QUALIFICATIONS

- Degree in planning or closely related field and seven years of professional experience in planning or related field.
- AICP or similar professional certification preferred. CFM, GISP or other program-specific certification is preferred.
- Supervisory experience is preferred.
- The employee must be flexible in their scheduling and have their own means of transportation.
- Must be a U.S. citizen or otherwise lawfully authorized to work in the United States.

Adopted: 5/2/16

CENTRAL VERMONT REGIONAL PLANNING COMMISSION

PLANNER

Job Description

GENERAL DESCRIPTION

The Planner position requires professional planning work of moderate difficulty. To progress within this position, employees must develop in-depth knowledge within one or more planning specialties, and increasing knowledge of municipal and regional comprehensive planning, federal and state planning law, and a variety of regulatory and non-regulatory implementation tools.

The Planner works independently under the general direction of the Executive Director and, in consultation with the Executive Director, may oversee specific Commission programs. Although more senior staff closely reviews the work of the Planner, employees in this position receive considerably less immediate supervision than an Assistant Planner.

The Planner is expected to work closely and effectively with other staff as part of a strong interdisciplinary planning team. The position requires contact, communication, and coordination with volunteer groups, municipal representatives, and some contact with regional and state organizations and agencies.

Work is required throughout the region and attendance at a substantial number of evening meetings and some weekend meetings is required. Field work may be required.

MAJOR AREAS OF WORK

Major areas of work may vary among Planners. Major areas of work are assigned prior to the hiring/promotion process. Initial areas of work will be documented in an employment offer or employee promotion letter. Major area(s) of work will also be included as an attachment to the job description in an employee's personnel file.

The Commission may modify or add to major areas of work and/or may assign special projects or duties outside major areas based on its needs. Special projects and duties outside major areas of work typically would constitute no more than 50% of the Planner's workload.

CHARACTERISTIC DUTIES

- Interpret and apply applicable state and local codes, ordinances and regulations.
- Initiate actions necessary to correct deficiencies or violations of regulations.
- Assist with updates and maintenance of the Regional Plan, municipal plans, and local land development regulations.
- Assist with review of Act 250 and Section 248 applications based on major work area.
- Conduct extensive research in specific or general project areas.
- Write and present formal and technical reports, working papers, and correspondence.
- Identify community problems, issues, and opportunities in particular communities that could be mitigated through better community planning.
- Develop draft plan language or long range plans for communities with common developmental issues.
- Develop strategies to promote economic and community development or efficient land use consistent with regional and community goals.
- Evaluate adequacy of community facilities in meeting current and projected needs.

#

- Recommend priorities, schedules, and funding sources to implement public improvements plans.
- Write, or assist in writing, a variety of ordinances and regulations relating to development controls.
- Write funding applications.
- Assist with planning decision-making processes and with tailoring them to achieve specific outcomes.
- Pursue professional development opportunities.
- Depending on the skills of the employee, duties may extend to the management of social media.

TYPICAL KNOWLEDGE

- Well-developed knowledge of planning principles and practices with implementation at the local and regional levels.
- In-depth knowledge of one or more planning specialization, such as land use planning, community development, transportation planning, environmental planning, emergency preparedness or hazard mitigation planning or working lands planning.
- Knowledge of principles, methodology, practices of research and data collection
- Knowledge of effective writing techniques.
- Knowledge of, or experience in, community redevelopment and environmental remediation, and knowledge of relevant Federal programs.
- Statistical, algebraic, or geometric knowledge and ability to apply such knowledge in practical situations.
- Knowledge of state and federal government programs and processes.
- Knowledge of computer hardware and software programs, which may include Microsoft Office, Internet applications, econometric or transportation modeling, database management, or GIS.

TYPICAL SKILLS

- Effective written and verbal communication and interpersonal skills, including the ability to translate planning concepts, research findings, data and technical language into a form that is meaningful and accessible to Commissioners and local officials.
- Creative problem-solving skills to gather relevant information to solve less well-defined practical problems.
- Ability to review plans and apply provisions of ordinances, codes and policies to determine compliance with such regulations and to apply regulations to field conditions.
- Group facilitation skills for use with community workshops.
- Demonstrated ability to work on several projects or issues simultaneously.
- Demonstrated ability to work independently or in a team environment as needed.
- Ability to attend to details while keeping big-picture goals in mind.
- Ability to represent the Commission in its work with local municipalities, state agencies, other regional groups, citizens' organizations, and the general public.
- Ability to plan less complex projects effectively and meet firm deadlines.

#

MINIMUM QUALIFICATIONS

- Master's degree in planning or closely related field and 3 years of professional planning experience, or a bachelor's degree in planning or closely related field and 5 years of professional planning experience.
- AICP, CFM or other program-specific certification is preferred.
- The employee must be flexible in their scheduling and have their own means of transportation.
- Must be a U.S. citizen or otherwise lawfully authorized to work in the United States.

CENTRAL VERMONT REGIONAL PLANNING COMMISSION**ASSISTANT PLANNER****Job Description****GENERAL DESCRIPTION**

The Assistant Planner is the entry-level, professional planning position. It allows a relatively new graduate to complement formal education with valuable experience gained by working with other professional staff, and recognizes the potential for advancement within the organization. With regular supervision, the Assistant Planner provides supplementary staff assistance to other staff and various boards and committees to assist in the collection of field data, the development of planning studies, local and regional plans, ordinances and regulations, and other similar projects.

The Assistant Planner works under the direction of the Executive Director, and may also receive considerable supervision from senior planners. Employees in this position will begin by working together with an experienced planner and may assume primary staff responsibilities based on evaluation of performance. The position involves professional-level duties and judgment as well as routine administrative tasks.

Work may be required throughout the region and attendance at evening meetings and some weekend meetings is required. Typically, field work is required.

MAJOR AREAS OF WORK

This position provides general planning assistance to more experienced staff. The intent of this position is to introduce an early career employee to a variety of planning disciplines and to build a broad base of knowledge and skills. Typically, no pre-identified major area of work is assigned to an Assistant Planner prior to hiring.

When major areas of work are assigned, they will vary among Assistant Planners. Major areas of work may be assigned as the Assistant Planner's knowledge and skills grow. If assigned, major area(s) of work will be included as an attachment to the job description in an employee's personnel file.

The Commission may modify or add to major areas of work and/or may assign special projects or duties outside major areas based on its needs.

CHARACTERISTIC DUTIES

- Gather and maintain demographic data and other related statistics.
- Assist with or conduct field inventory and assessments.
- Participate in the research, analysis, and interpretation of social, economic, population and land use data and trends.
- Compile information and make recommendations on special studies.
- Prepare technical reports.
- Make presentations to committees, community groups and outside agencies.
- Prepare staff reports and graphic displays.
- Research and draft documents for review.
- Attend a variety of meetings and participates in professional meetings.

#

- Maintain awareness of new trends and developments in the field of municipal and regional planning.
- Incorporate new developments as appropriate into programs.
- Assist with grant writing.
- Complete GIS mapping and prepare printed resource materials.
- Pursue professional development opportunities.

TYPICAL KNOWLEDGE

- Knowledge of the principles and practices of planning.
- Knowledge of a relevant specialization, such as transportation, land use, or affordable housing, is desired.
- Knowledge of principles and practices of research and data collection.
- Knowledge of effective writing techniques.
- Statistical, algebraic, or geometric knowledge and ability to apply such knowledge in practical situations.
- Knowledge of computer hardware and software programs, which may include Microsoft Office, Internet applications, and GIS.

TYPICAL SKILLS

- Ability to present ideas and findings (both written and oral) clearly and concisely.
- Ability to establish and maintain effective working relationships.
- Creative problem-solving skills to gather relevant information to solve vaguely defined practical problems.
- Ability to review plans and apply provisions of the ordinances and codes to determine compliance with such regulations and to apply regulations to field conditions.
- Ability to create graphic designs and development strategies, and to render site plans via sketches and/or computer graphics is highly desirable.
- Ability to work on several projects or issues simultaneously, both independently or in a team environment.
- Ability to attend to details while keeping big-picture goals in mind.
- Ability to work proficiently in a Microsoft Office environment, including word processing, spreadsheets, and databases.

MINIMUM QUALIFICATIONS

- Master's degree in planning or closely related field and 1 year of experience, or a bachelor's degree in planning or closely related field and 3 years of professional planning experience. The experience may include internships as determined relevant by the Commission.
- The employee must be flexible in their scheduling and have their own means of transportation.
- Must be a U.S. citizen or otherwise lawfully authorized to work in the United States.

CENTRAL VERMONT REGIONAL PLANNING COMMISSION**PLANNING TECHNICIAN****Job Description****GENERAL DESCRIPTION**

The Planning Technician position is an internship-level position. The length of the internship, hours per week, expected tasks, amount of supervision, and areas of specialization vary with each position. The position may be by stipend, paid or unpaid, and does not include any benefits except for worker's compensation coverage.

Work may be required throughout the region and attendance at evening meetings may be required. Typically, field work is required.

MAJOR AREAS OF WORK

Major areas of work will vary among Planning Technicians. Major areas of work are assigned prior to the hiring/promotion process. Initial areas of work will be documented in an employment offer or employee promotion letter. Major area(s) of work will also be included as an attachment to the job description in an employee's personnel file.

The Commission may modify or add to major areas of work and/or may assign special projects or duties outside major areas based on its needs. Special projects and duties outside major areas of work typically would constitute no more than 25% of the Planning Technician's workload.

CHARACTERISTIC DUTIES

- Provide support to a team of community planners.
- Assist staff in collecting and preparing data for various planning projects.
- Create and mail Commission and committee meeting packages; post notices in accordance with Vermont Open Meeting Law.
- Conduct field work, collect parcel data and search land records.
- Prepare maps and planning reports of limited or variable complexity.
- Produce sketches and renderings of limited or variable complexity.
- Assist planning staff at community meetings.
- Present report findings at community meetings.
- Research funding sources and write grant proposals.
- Conduct basic office functions as needed, such as data entry, file management, and customer service.
- Pursue professional development opportunities as funding permits.

TYPICAL KNOWLEDGE

- Basic understanding of planning principles.
- Specific knowledge relating to pertinent specialty, such as affordable housing, transportation, or land use.
- Competency in various computer software programs, such as Microsoft Office and Internet applications.

#

TYPICAL SKILLS

- Strong written and oral communication skills.
- Strong research and analytical skills.
- Motivated self-starter able to work independently.
- Ability to work effectively in a team environment.
- Flexibility and desire to work on varying planning projects.

MINIMUM QUALIFICATIONS

- Interest in the planning profession and relevant planning specializations. Depending on the nature of the intended workload, the specific position may request undergraduate or graduate students. A degree in planning or a related field is not required for this position.
- The employee must be flexible in their scheduling and have their own means of transportation.
- Must be a U.S. citizen or otherwise lawfully authorized to work in the United States.
