Re: Financial Report as of January 31, 2018

Audit

The Agency of Commerce accepted CVRPC's response to its audit questions and issued an "audit complete" letter. The FY17 audit is closed. Nicole is working to prepare the Indirect Rate Proposal.

Financial Statement Explanations

The enclosed financial statements are complete.

Overall Position

CVRPC is on target for its financial goals this year. Cash continues to recover although it remains variable from month to month. For example, the December 31 checking account balance was \$29,824 versus the January 31 balance of \$157,406. Variations are due to quarterly advances, product-based contract payments, and the number of contractor invoices paid at month end.

Balance Sheet

Cash Balance – The checking account balance revived with end of quarter payments and third quarter advances. The account balance includes \$36,500 in designated funds for the High Meadows project, \$60,536 deferred income for ACCD FY18, and \$1,559 deferred income for SERC FY18. When subtracted from the checking account balance, undesignated operating cash is \$58,811.

Accounts Receivable – Of receivables, \$24,507 is accrued earnings that will be collected when project milestones are reached in 3-6 months. EPA invoices totaling \$31,343 also await payment. EPA moved to payments through its electronic system on December 31. CVRPC cannot bill the EPA until we complete the sign up process in another few weeks.

Accounts Payables - As of February 28, payables have been reduced to \$49,200. All are owed to one brownfields contractor working at multiple properties.

Net Income - CVRPC budgeted for its Net Income to increase by fiscal year end. As of January 31, Net Income increased substantially from June 30, 2017. It will decrease in the second half of the year when the majority of non-staff overhead expenses are paid. The server will be replaced in March.

Revenues and Expenditures Budget versus Actuals

Revenue and Expense Review - To determine how well we are following our budget, we use a benchmark. We calculate the benchmark as the percentage of the budget that we would expect to earned/spend if all revenues and expenses were earned/spent equally over 12 months. This would be 58% for January 31. Significant variances are explained below.

Revenues - Revenues less than 58% due to 1) first quarter staff vacancy, 2) consultant pass through costs, 3) delayed clean water contract award, and 4) variance for transportation field work. Areas of note include:

Brownfields – Primarily pass through to consultants. Anticipate year end at \$250,000 in revenues.

Fee for Service – Mostly pass through expenses, which were lower than anticipated.

Barre Town Sewer Manholes – Time-and-materials contract. Revenues projected at \$2,500.

Municipal Better Back Roads – Majority of field work to occur in spring/summer.

604B – New contract written for one payment only which will occur in FY19.

BC/BT/Plainfield Stormwater Masterplan – Project closed.

Berlin Stormwater Masterplan – Project closed.

High Meadows Resilience – CVRPC expects to use \$22,222 of the \$40,000 in FY18.

Mad-Kingsbury Stormwater Masterplan – Consultant at early stages of work.

SWCRPC CW Block Grant – Contract approval pending. Majority passes through to Barre City.

Water Quality – Contract anticipated for October 1. Contract in progress, and work has resumed.

HMGP Mega – More time was required than originally anticipated. Funds are available in the grant.

LEPC SERC – Project staff anticipates this will end on budget.

Expenses - Most variances are timing issues since some expenses are not evenly spent throughout the year. This report focuses on items of note rather than variances due to timing. These items include:

Copy – CVRPC held a lease on two copiers through December, which is offset by a 5-month buyout payment from National. Additional offset may be requested, and staff recently determined the previous copier has not been returned by National and CVRPC continues to incur lease costs.

Wages – CVTA and MRVPD expenses have not been journal adjusted out of CVRPC's expenses into their subcategory.

Net Income - CVRPC's net income is robust as of January 31 at \$162,449. It will drop by June 30.

ATTACHMENT F SUB-GRANTEE Project Submission and Screening Process For Regional Planning Commissions

Project Submission

Interested RPCs will be responsible for submitting projects within their region to be considered for application under this block grant from the DEC Watershed Projects Database (WPD) **Go List**. The **Go List** is a subset of projects from the DEC Watershed Projects Database. See **Attachment D-1**. on how to view the "Go List" from the DEC WPD. RPCs will select and implement **Go List** projects in a manner to maximize phosphorus reduction and cost-efficiencies within the time frame of this grant and avoid natural resource conflicts. Projects on the **Go List** that are appropriate under this Block Grant are:

- Necessary to meet requirements of federal and state-required clean water plans, known as total maximum daily loads (TMDLs), compliance with Act 64 of 2015, and the 2016 Combined Sewer Overflow Policy;
- Eligible for Capital Funds;
- Ready for final design and/or construction;
- Sponsored by municipalities if the projects are located on privately owned property and involve stormwater pollution control with the municipality as the responsible party for project operations and maintenance;
- Avoid or minimize impacts to natural resources (e.g. impacts to floodplains, wetlands and woody buffers and
- Do not involve stormwater treatment on private lands where the funds would be used to achieve compliance with a permit issued for new development or expansion of existing development.

Eligible project categories for selection, listed in priority order, are:

- Priority #1: Construction-ready projects (referred to as "Step 3" projects on the Go List);
- Priority #2: Engineering "design-build" projects (Step 2 & 3 projects); and
- Priority #3: Final design projects (Step 2) that will prepare projects for construction. For a more detailed explanation on project types, go to the Ecosystem Restoration Grant's Application Manual, Appendix 2.

Preliminary Project Screening

- 1. For each RPC project submitted and prior to bidding any work, the RPC will provide the following to SWCRPC for preliminary screening:
 - A map of each project using the ANR Atlas mapping system with the ecosystem restoration layer;
 - A completed Project Readiness Worksheet (attached);
 - A brief project summary as described in the Ecosystem Restoration Grants Application
 Manual, pg. 12. (http://dec.vermont.gov/sites/dec/files/wsm/erp/docs/2017-9-1
 Revised %20Application Manual.pdf);
 - Documentation (emails are fine) from the relevant resource agencies addressing potential natural resource concerns or identified conflicts or permits needed per responses in PRW.

(Note: If potential natural resource conflicts are identified through the project mapping and screening process and the RPC chooses to continue with this project, the Town/RPC will be responsible for working directly with the appropriate resource agency to address these concerns in order to ensure that all permitting can be secured in order to implement the project within the time frame of this grant.);

- A preliminary estimated project budget identifying broad categories: labor, materials, equipment, engineering and program delivery,
- A letter of commitment to securing an Operations and Maintenance agreement to ensure that each project is maintained for a minimum of 10 years, and
- Match certification for the project from the municipality, or project sponsor, and an acknowledgement of the required deadline for completion of construction.

Match Required:

- Stormwater projects located within a Municipal Separate Storm Sewer System (MS4) community are required to have a 50% match.
- All other projects, including stormwater projects, not in an MS4 community, are required to have a minimum of 20% match.

Eligible match funding includes:

- In-kind contributions such as time, transportation, and other organizational costs directly related to the project;
- Cash contributions from other funding sources;
- Vermont Pollution Control Grants (upon State approval);
- Low interest loan from State Revolving Loan Funds;
- Land acquisition (as valued by municipality); and
- Equipment (as valued by municipality).
- 2. SWCRPC will submit to DEC required materials to confirm project eligibility for CWBG application for funding.

Project Selection

SWCRPC will provide a Notice to Proceed following project selection.

These rates are to remain in effect for the first two years of this Agreement and may then be renegotiated on an annual basis. CVRPC reserves the right to reject new rates proposed.

Other Contracting Provisions may be incorporated at a later date if an alternate funding source is used.
- 7.2 This Agreement, its Terms and Conditions and any claims arising there from, shall be governed by Vermont law. CONTRACTOR shall comply with all applicable laws, ordinances, and codes of the Federal government, the State of Vermont, and the municipalities within the CVRPC region or in which work is being conducted.
- 7.3 The CVRPC and CONTRACTOR each binds itself, its partners, successors, assigns, legal representatives to the other party to this Agreement and to its partners, successors, assigns, legal representatives of such other party with respect to all covenants of this agreement.

- 7.4 This Agreement incorporates all the understandings of the parties hereto, and supersedes any and all agreements reached by the parties prior to the execution of this Agreement, whether oral or written, as to the matters contained herein.
- 7.5 Any waiver of the Terms and Conditions of this Agreement by either of the parties hereto shall not be construed to be a waiver of any other term or condition of this agreement.
- 7.6 Should changes to the scope of work under this Agreement be required, such changes and associated modifications in the amount of CONTRACTOR's compensation shall be mutually agreed upon by the CVRPC and CONTRACTOR and incorporated in written amendments executed by both parties to this Agreement.
- 7.7 Except as otherwise specifically provided in this Agreement, whenever under this Agreement approvals, authorizations, determinations, notices, satisfactions or waivers are required or permitted, such items shall be effective and valid only when given in writing signed by the CVRPC representative or CONTRACTOR representative and delivered in hand or by mail to the party to whom it is directed, which until changed by written notice, are as follows:

- 7.8 No officer, member, or employee of the CVRPC or CONTRACTOR, its designees or agents and no member of its governing body who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of this project, shall participate in any decision relating to this Agreement which affects his/her personal interest or the interest of any corporation, partnership, or association in which he/she is directly or indirectly interested, or have any personal or pecuniary interest, direct or indirect, in this Agreement or the proceeds thereof.
- 7.9 CONTRACTOR shall not assign any interest or responsibility in this Agreement and shall not transfer any interest in the same (whether by assignment or notation) without written approval of the CVRPC, provided, however, that claims for money due or to become due to CONTRACTOR from the CVRPC under this Agreement may be assigned to a bank, trust company, or other financial institution, or to a trustee in bankruptcy, without such approval. - 7.10 Sanctions for Noncompliance. CONTRACTOR is hereby advised that failure of the Contractor, or any subcontractors performing work under this Agreement, to carry out the requirements set forth in this Agreement shall constitute a breach of contract and, after the notification of the CVRPC funding source, may result in termination of this contract by the CVRPC or such remedy as the CVRPC deems necessary.

Costs to the CONTRACTOR resulting from obligations incurred during a suspension or after termination are not allowable unless the CVRPC expressly authorizes them in the notice of suspension or termination or subsequently. Other CONTRACTOR costs during suspension or after termination which are necessary and not reasonably avoidable are allowed if the costs result from obligations which are properly incurred by the CONTRACTOR before the effective date of suspension or termination.

Except as provided above, this Agreement may be terminated by mutual consent of the CVRPC and the CONTRACTOR subject to written termination conditions, including the effective date, and in the case of partial termination, the portion of the Agreement to be terminated, or by the CONTRACTOR upon written notification to the CVRPC, setting forth the reasons for such termination, the effective date, and in the case of partial termination, the portion to be terminated. However, if, in the case of a partial termination, the CVRPC determines that the remaining portion of the award will not accomplish the purposes for which the Agreement was made, the CVRPC may terminate the award in its entirety under the methods described above.

In the event of termination, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photos and reports or other materials prepared by the parties under this Agreement shall become the property of the funding source and the CVRPC. The CONTRACTOR and any subcontractor shall be entitled to receive just and equitable compensation for any said work completed on such documents, data, studies, surveys, drawings, maps, models, photos and reports or other materials.

ATTACHMENT C

Standard Agreement Provisions

REVISED FEBRUARY 27, 2017

- **1. Definitions:** For purposes of this Attachment, "Party" shall mean the Contractor, Grantee or Sub-Recipient, with whom the CVRPC is executing this Agreement and consistent with the form of the Agreement. "Agreement" shall mean the specific contract or grant to which this form is attached.
- **2. Entire Agreement:** This Agreement, whether in the form of a Contract, State Funded Grant, or Federally Funded Grant, represents the entire agreement between the parties on the subject matter. All prior agreements, representations, statements, negotiations, and understandings shall have no effect.
- **3. Governing Law, Jurisdiction and Venue; No Waiver of Jury Trial:** This Agreement will be governed by the laws of the State of Vermont. Any action or proceeding brought by either the CVRPC, the State or the Party in connection with this Agreement shall be brought and enforced in the Superior Court of the State of Vermont, Civil Division, Washington Unit. The Party irrevocably submits to the jurisdiction of this court for any action or proceeding regarding this Agreement. The Party agrees that it must first exhaust any applicable administrative remedies with respect to any cause of action that it may have against the CVRPC with regard to its performance under the Agreement.
- **4. Arbitration:** The parties agree that any dispute under this Agreement shall be resolved by final and binding arbitration in Washington County, Vermont, under the then-existing and applicable commercial arbitration rules of the American Arbitration Association. Without intending to limit the power of authority of the arbitrator(s) in any such proceeding, the parties hereby consent and agree that such arbitrator(s) shall be vested with the full power and authority to order such equitable relief as the arbitrator(s) may deem proper. The parties consent to the jurisdiction of any court of competent jurisdiction for all purposes with respect to such arbitration, including enforcement of this Agreement to arbitrate and the entry of a judgment on any arbitration award. The prevailing party in any such arbitration proceeding shall be entitled to an award of reasonable attorney's fees as determined by the arbitrator(s). The fees and expenses of the arbitrator(s) shall be borne equally by the Parties. The Parties shall use all reasonable efforts to ensure that the arbitration is completed as promptly as reasonably possible, and in any event, within not more than ninety (90) days after either party's request for arbitration hereunder.

The undersigned understand that this agreement contains an agreement to arbitrate. After signing this document, both parties understand that neither will not be able to bring a lawsuit concerning any dispute that may arise which is covered by the arbitration agreement, unless it involves a question of constitutional or civil rights. Instead, the parties agree to submit any such dispute to an impartial arbitrator.

5. Severability: The provisions of this Agreement are severable. Should one or more provisions be unenforceable, all other provisions will remain in full force and effect.

- **6. Sovereign Immunity:** The State of Vermont reserves all immunities, defenses, rights or actions arising out of the State's sovereign status or under the Eleventh Amendment to the United States Constitution. No waiver of the State's immunities, defenses, rights or actions shall be implied or otherwise deemed to exist by reason of the State's entry into this Agreement.
- 7. No Employee Benefits For Party: The Party understands that the CVRPC or the State will not provide any individual retirement benefits, group life insurance, group health and dental insurance, vacation or sick leave, workers compensation or other benefits or services available to CVRPC or State employees, nor will the CVRPC or the State withhold any state or federal taxes except as required under applicable tax laws, which shall be determined in advance of execution of the Agreement. The Party understands that all tax returns required by the Internal Revenue Code and the State of Vermont, including but not limited to income, withholding, sales and use, and rooms and meals, must be filed by the Party, and information as to Agreement income will be provided by the CVRPC to the Internal Revenue Service and the Vermont Department of Taxes.
- **8. Independence:** The Party will act in an independent capacity and not as officers or employees of the CVRPC or the State of Vermont.
- 9. Defense and Indemnity: The Party shall defend the CVRPC or the State and their officers and employees against all third party claims or suits arising in whole or in part from any act or omission of the Party or of any agent of the Party in connection with the performance of this Agreement. The CVRPC or the State shall notify the Party in the event of any such claim or suit, and the Party shall immediately retain counsel and otherwise provide a complete defense against the entire claim or suit. The CVRPC or the State retains the right to participate at its own expense in the defense of any claim. The CVRPC or the State shall have the right to approve all proposed settlements of such claims or suits. In the event the CVRPC or the State withholds approval to settle any such claim, then the Party shall proceed with the defense of the claim but under those circumstances, the Party's indemnification obligations shall be limited to the amount of the proposed settlement initially rejected by the CVRPC or the State.

After a final judgment or settlement the Party may request recoupment of specific defense costs and may file suit in Washington Superior Court requesting recoupment. The Party shall be entitled to recoup costs only upon a showing that such costs were entirely unrelated to the defense of any claim arising from an act or omission of the Party in connection with the performance of this Agreement.

The Party shall indemnify the CVRPC and the State of Vermont and their respective officers and employees in the event that the CVRPC or the State, its officers or employees become legally obligated to pay any damages or losses arising from any act or omission of the Party or an agent of the Party in connection with the performance of this Agreement.

The Party agrees that in no event shall the terms of this Agreement nor any document required by the Party in connection with its performance under this Agreement obligate the CVRPC or the State to defend or indemnify the Party or otherwise be liable for the expenses or reimbursement, including attorneys' fees, collection costs or

other costs of the Party except to the extent awarded by a court of competent jurisdiction.

10. Insurance: Before commencing work on this Agreement the Party must provide certificates of insurance to show that the following minimum coverages are in effect. It is the responsibility of the Party to maintain current certificates of insurance on file with the CVRPC through the term of the Agreement. No warranty is made that the coverages and limits listed herein are adequate to cover and protect the interests of the Party for the Party's operations. These are solely minimums that have been established to protect the interests of the CVRPC.

Workers Compensation: With respect to all operations performed, the Party shall carry workers' compensation insurance in accordance with the laws of the State of Vermont. Vermont will accept an out-of-state employer's workers' compensation coverage while operating in Vermont provided that the insurance carrier is licensed to write insurance in Vermont and an amendatory endorsement is added to the policy adding Vermont for coverage purposes. Otherwise, the party shall secure a Vermont workers' compensation policy, if necessary to comply with Vermont law.

General Liability and Property Damage: With respect to all operations performed under this Agreement, the Party shall carry general liability insurance having all major divisions of coverage including, but not limited to:

Premises - Operations
Products and Completed Operations
Personal Injury Liability
Contractual Liability

The policy shall be on an occurrence form and limits shall not be less than:

The General Liability and Property Damage coverages required for performance of this Agreement shall include the CVRPC and the State of Vermont and their agencies, departments, officers and employees as Additional Insureds. If performance of this Agreement involves construction, or the transport of persons or hazardous materials, then the required Automotive Liability coverage shall include the CVRPC and the State of Vermont and their agencies, departments, officers and employees as Additional Insureds. Coverage shall be primary and non-contributory with any other insurance and self-insurance.

Notice of Cancellation or Change. There shall be no cancellation, change, potential exhaustion of aggregate limits or non-renewal of insurance coverage(s) without thirty (30) days written prior written notice to the CVRPC.

- **11. Reliance by the CVRPC on Representations:** All payments by the CVRPC under this Agreement will be made in reliance upon the accuracy of all representations made by the Party in accordance with the Agreement, including but not limited to bills, invoices, progress reports and other proofs of work.
- **12. False Claims Act:** CVRPC is a political subdivision of the State of Vermont. The Party acknowledges that it is subject to the Vermont False Claims Act as set forth in 32 V.S.A. § 630 *et seq.* If the Party violates the Vermont False Claims Act it shall be liable to the CVRPC and State for civil penalties, treble damages and the costs of the investigation and prosecution of such violation, including attorney's fees, except as the same may be reduced by a court of competent jurisdiction. The Party's liability to the CVRPC and State under the False Claims Act shall not be limited notwithstanding any agreement of the CVRPC or State to otherwise limit Party's liability.
- **13. Whistleblower Protections:** The Party shall not discriminate or retaliate against one of its employees or agents for disclosing information concerning a violation of law, fraud, waste, abuse of authority or acts threatening health or safety, including but not limited to allegations concerning the False Claims Act. Further, the Party shall not require such employees or agents to forego monetary awards as a result of such disclosures, nor should they be required to report misconduct to the Party or its agents prior to reporting to any governmental entity and/or the public.
- **14. Records Available for Audit:** The Party shall maintain all records pertaining to performance under this agreement. "Records" means any written or recorded information, regardless of physical form or characteristics, which is produced or acquired by the Party in the performance of this agreement. Records produced or acquired in a machine readable electronic format shall be maintained in that format. The records described shall be made available at reasonable times during the period of the Agreement and for three years thereafter or for any period required by law for inspection by any authorized representatives of the CVRPC, State or Federal Government. If any litigation, claim, or audit is started before the expiration of the three-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.
- **15. Fair Employment Practices and Americans with Disabilities Act:** Party agrees to comply with the requirement of 21 V.S.A. Chapter 5, Subchapter 6, relating to fair employment practices, to the full extent applicable. Party shall also ensure, to the full extent required by the Americans with Disabilities Act of 1990, as amended, that qualified individuals with disabilities receive equitable access to the services, programs, and activities provided by the Party under this Agreement.

- D. Party also understands the State may set off taxes (and related penalties, interest and fees) due to the State of Vermont, but only if the Party has failed to make an appeal within the time allowed by law, or an appeal has been taken and finally determined and the Party has no further legal recourse to contest the amounts due.
- **18. Taxation of Purchases:** All CVRPC and State purchases must be invoiced tax free. An exemption certificate will be furnished upon request with respect to otherwise taxable items.

Where Force Majeure is asserted, the nonperforming party must prove that it made all reasonable efforts to remove, eliminate or minimize such cause of delay or damages, diligently pursued performance of its obligations under this Agreement, substantially fulfilled all non-excused obligations, and timely notified the other party of the likelihood or actual occurrence of an event described in this paragraph.

ATTACHMENT D

Provisions for Federally Funded Agreements

This Agreement is funded in whole or in part by federal funds. As such, the following additional provisions apply.

- 1. Federal Requirements Pertaining to All Grants and Subrecipient Agreements:
 - A. Requirement to Have a Single Audit: The Subrecipient will complete the Subrecipient Annual Report annually within 45 days after its fiscal year end, informing the CVRPC and State of Vermont whether or not a Single Audit is required for the prior fiscal year. If a Single Audit is required, the Subrecipient will submit a copy of the audit report to the granting Party within 9 months. If a single audit is not required, only the Subrecipient Annual Report is required.

For fiscal years ending before December 25, 2015, a Single Audit is required if the subrecipient expends \$500,000 or more in federal assistance during its fiscal year and must be conducted in accordance with OMB Circular A-133. For fiscal years ending on or after December 25, 2015, a Single Audit is required if the subrecipient expends \$750,000 or more in federal assistance during its fiscal year and must be conducted in accordance with 2 CFR Chapter I, Chapter II, Part 200, Subpart F. The Subrecipient Annual Report is required to be submitted within 45 days, whether or not a Single Audit is required.

- **B. Internal Controls:** In accordance with 2 CFR Part II, §200.303, the Party must establish and maintain effective internal control over the Federal award to provide reasonable assurance that the Party is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States and the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).
- **C. Mandatory Disclosures:** In accordance with 2CFR Part II, §200.113, Party must disclose, in a timely manner, in writing to the CVRPC and State, all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Failure to make required disclosures may result in the imposition of sanctions which may include disallowance of costs incurred, withholding of payments, termination of the Agreement, suspension/debarment, etc.

2. Other Provisions for Federally Funded Agreements:

A. Davis-Bacon Act. The Party will comply with the provisions of the Davis-Bacon Act (40 U.S.C. 2761 7), the Copeland Act (40 U.S.C. 276C and 18 U.S.C. 874), and the Contract Work Hours and Safety Standards Act (40.327-333), regarding labor standards for federally assisted construction contracts when construction is part of the contract.

B. Certification: By signing this Agreement, the Party certifies, to the best of his or her knowledge and belief, that:

No Federal appropriated funds have been or will be paid, by or on behalf of the Party, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or any employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the recipient shall complete and submit Standard Form LLL, Disclosure Form to Report Lobbying, in accordance with its instructions.

The Party shall require that the language of this certification be included in the award of documents for all sub-awards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all Sub-Recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Re: Updates

WRIGHTSVILLE BEACH RECREATION DISTRICT CONTRACT

The contract for Administrative Services between WBRD and CVRPC is fully executed. The next milestone is for WBRD to develop internal controls by June 30, 2018.

HIRING PROCESS

Office Manager: CVRPC received 114 applications. Seven candidates were offered a first interview. Two candidates were invited to participate in a second interview with the full staff. Reference checks are underway. Staff hopes to make an offer by March 9. Both candidates stated they could begin work one week after an offer was accepted.

<u>Finance Manager:</u> CVRPC received seven (7) applications. Two candidates were offered first interviews. Both candidates withdrew from the hiring process after accepting other positions. There are no other viable candidates in the current application pool.

Given the lack of qualified applicants, staff recommends the Commission continue contracting for accounting services.

ACTION REQUESTED: Authorize staff to contract for accounting services. The period of performance would be July 1, 2018 through September 1, 2021.

Adopted by the Board of Commissioners _____/___/

Preamble

A public official must exercise his or her authority solely for the benefit of the public and, in fact, stand in a fiduciary relationship to the public. He or she is held by the law to a most rigid standard with respect to any activity which places his or her individual interest in a position where collision with public responsibility becomes possible. The law requires that not only must public officials actually separate private interests from public responsibility, but must also give every appearance of this separation.

This Policy applies in the event a Commissioner, employee or agent (herein described collectively as "Party") of the Central Vermont Regional Planning Commission (Commission) has a personal or fiduciary relationship with any individual, partnership, firm or corporation seeking to contract with the Commission, or to provide materials or labor thereto, or has a personal or fiduciary interest in a project or in a project before Act 250 or other regulatory board where the Commission is a party.

Definition

<u>Conflict of Interest.</u> "Conflict of interest" means a personal or pecuniary interest of a Party. Such a conflict would arise when:

- 1) a Party of the Commission,
- 2) any member of his or her immediate family,
- 3) his or her partner, or
- 4) an organization which employs or is about to employ any of (1) through (3) above,

have a financial or other interest in or a tangible personal benefit in the outcome of any particular matter pending before the Commission, including the award of contracts and sub-contracts.

A real conflict of interest exists when a private interest exists leading to a personal benefit or gain. An apparent conflict of interest exists when there is a perception that a conflict of interest exists leading to a personal benefit or gain.

<u>Commissioner.</u> "Commissioner" means a member of the Central Vermont Regional Planning Commission's Board of Commissioners. Alternate Commissioners are considered "Commissioners" for purposes of this Policy.

Agent. An "Agent" is a party that has express (oral or written) or implied authority to act for the Commission so as to bring the Commission into a contractual relationship with another party. An agency is under the control (is

obligated to) the Commission, and when acting within the scope of his or her authority delegated by the Commission binds the Commission with his or her acts.

Comment [BW1]: These definitions can be removed, if desired.

Code of Conduct

Parties of the Commission must take all reasonable steps to avoid any action or circumstance, whether or not strictly prohibited by this code, which might result in, or create the appearance of:

- 1. undermining their independence or impartiality of action;
- 2. taking official action on the basis of unfair considerations, unrelated to the merits of the matter;
- 3. giving preferential treatment to any interest on the basis of unfair considerations, unrelated to the merits
- 4. using public office for the advancement of personal financial interests;
- 5. using public office to secure special privileges or exemptions; or
- 6. affecting adversely the confidence of the public in the integrity of affairs of the Commission.

Party's of both the Commission and the Commission's sub-grantees will neither solicit nor accept gratuities, favors, or anything of monetary value (excluding calendars, pens, and other nominal items) from contractors, potential contractors, or parties to sub-agreements. In these cases, the gift must be disclosed to the Commission's Executive Director, or in the case of the Executive Director, to the Commission Chair.

Commissioners are appointed by a municipal elected body to represent the interests of that municipality. Once appointed to the Board, Commissioners have a legal obligation to make decisions in the best interest of the Central Vermont Regional Planning Commission. A Commissioner's municipal perspective is an important part of those decisions. The Board of Commissioners has determined that Commissioners participating in discussions or decisions regarding the municipalities they represent does not constitute a conflict of interest because the Commissioner role functions in the public interest rather than a personal interest.

Upon joining the Commission or at the beginning of each fiscal year, Parties will review and sign this Policy to indicate that they have read, understood, and agree to comply with it. Failure to sign the Policy will result in the individual or organization being barred from discussion and voting on Commission business and/or other sanctions imposed by the Commission.

Commissioner, Employee or Agent Actions

In the event a real or apparent conflict of interest, as herein defined, does or would result, the Party must, regardless of contract amount, act as follows:

- 1) state on the record the nature of his or her interest,
- 2) refrain from all formal or informal discussion with any other Parties with respect to such contract or project, and
- 3) must not vote on the guestion of its issuance or approval or disapproval.

Employee disclosure, actions, and sanctions are governed by the Commission's Personnel Policies. Agents must disclose such interest to the Executive Director immediately, either verbally or in writing, and must not be involved further in the question of the contract issuance.

No Party of the Commission may participate in the selection, award, or administration of a contract supported by a Federal or State award if he or she has a real or apparent conflict of interest. The Commission must disclose in

Comment [BW5]: Federal language required under 2 CFR §200.318. Best practice is to include "State" since state policies often mirror federal policy.

Central Vermont Regional Planning Commission Conflict of Interest Policy

Comment [BW2]: Language of this paragraph is required under 2 CFR §200.318. The Commission could establish a monetary value for nominal gifts, such as \$25 or \$50.

Comment [BW3]: Proposed language to address concerns about the role of Commissioners in matters pertaining to their municipality.

Comment [BW4]: Does the Committee believe this is the appropriate sanction?

writing any potential conflict of interest to the Federal awarding agency or pass-through entity in accordance with applicable Federal awarding agency policy.

Resolving Conflicting Interests

In the event a Commissioner or member of a Commission committee or workgroup is uncertain whether he or she has a conflict of interest in any matter or is challenged in any matter, the Board of Commissioners or the Committee or workgroup in which the Party is involved, must state for the record its position as determined by roll call vote.

The Board of Commissioners has the ultimate authority over conflict of interest decisions for the Commission's committees and workgroups. It may negate a decision made by a committee or workgroup if it votes to override a conflict of interest decision made by those groups at its next meeting. Staff must appraise the Commission of any conflict of interest decisions made by a committee or workgroup.

The Commission's Personnel Policies govern resolution of conflict of interests regarding employees. In the event an Agent is uncertain or is challenged, the Executive Director determines whether a conflict of interest exists.

Sanctions

If a Party subject to this Conflict of Interest Policy violates the Policy, the following sanctions will apply:

- Commissioner. Violations of this Policy by a Commissioner may result in removal from office. The
 Commission must make written report of a violation of this Policy to the governing body of the
 municipality the Commissioner represents. Additionally, the Commissioner may be removed temporarily
 or barred permanently from participating in the committee, project workgroup, or other Commission
 interest related to the conflict.
- 2) Employee. All employees are subject to the Commission's Personnel Policies. The Policies may provide additional guidance and standards for employee conduct in regards to conflicts of interest. Violations of this Policy or supplemental conflict of interest and code of conduct information in the Personnel Policies by employees will result in disciplinary actions as described in the Commission's Personnel Policies.
- 3) Agent. Violations of this Policy by an agent may result in removal from agent status. The Commission will document the violation in writing and maintain such documentation in the organization's files for future reference. Depending on the nature and extent of violation, an agent may be removed temporarily or barred permanently from acting on the Commission's behalf.

Re: FFY18 Transportation Planning Initiative (TPI) Budget Adjustment

ACTION REQUESTED: Approve the FFY18 TPI Budget Adjustment.

For RPC TPI agreements, final expenses must be within 10% of budgeted amounts. Staff examined spending patterns on CVRPC's agreement. Staff and the Transportation Advisory Committee (TAC) recommend CVRPC make adjustments to meet program requirements. The following table summarizes the adjustments:

Task	Task Description	Approved	Amended	Difference	% Change
Task 1	Administration	\$27,185	\$27,178	(\$7)	-0.02%
Task 2	Public Participation & Coordination	\$43,105	\$43,105	\$0	0.00%
Task 3	Long Range Planning	\$29,343	\$29,343	\$0	0.00%
Task 4	Short Range Planning	\$100,528	\$106,097	\$5,569	5.54%
Task 5	Project Development	\$26,209	\$20,647	(\$5,562)	-21.22%
Task 6	Other Planning	\$5,000	\$5,000	\$0	0.00%
	TOTAL	\$231,370	\$231,370	(\$0)	

The budget adjustment converts \$15,000 in staffing funds to contractor services. This will permit CVRPC to complete a scoping study for the Stowe Street Bridge in Waterbury. Waterbury will contribute staff assistance and funding to the project. The TAC selected the project as its top priority for RPC funding this year.

Details on the budget adjustment are attached. Items in red text on Exhibit 4 show specific areas where staff hours or expenses have been reduced to increase contractual services.

Engaging in Discussion of the Future of Act 250

Waninger reviewed a proposal by staff to develop CVRPC's input into modernizing Act 250. She noted that engaging Commissioners in statewide policy development was an FY18 activity in CVRPC's 5-Year Strategic Goals. By consensus, the Committee agreed it was important to participate in the process. It requested that information about CVRPC's participation be included in the Executive Director report.

Policies and Procedures

<u>Conflict of Interest:</u> The Committee continued its discussion of conflict of interest and whether advocacy on behalf of a municipality should be defined as having personal gain/benefit.

Considerable time was spent discussing what activities are ethics-based versus which may be conflicts of interest. Staff recommended the Commission specifically address this issue in the policy so Commissioners and committees have a basis for decisions. The Committee directed staff to work with the Vice Chair to craft language for inclusion in the draft policy.

Executive Session

<u>Legal:</u> The Committee discussed a confidential informational briefing memo. The Committee elected to remain in open session to receive an update from staff. Staff discussed progress on discharging a mortgage associated with the 1986 Marshfield-Cabot Community Improvement Program. CVRPC acted as project manager for the project. The transactional parties requested CVRPC represent to the Town whether there are, or are not, any obligations running from the original mortgage lien to CVRPC. This would assist the Town in making a decision whether to discharge the mortgage.

Staff conducted file research, consulted with CVRPC's attorney, and secured a letter from the State regarding its interests in the project. The Executive Director will meet with the Cabot Selectboard on February 6. If the Selectboard acknowledges it has no interest in the loan and mortgage and consents to CVRPC's execution of documents to that effect, CVRPC can sign the affidavit requested from the transactional parties. The Executive Committee was in consensus that staff could sign the affidavit and that a motion to that effect was not required.
