Number of Pages Including the Cover Page: 1

COMMENTS:

Thank you again for your assistance in this matter. Our office is trying to compile information for our CRS review. We are looking for the following information:

1. Code of Ethics Disclosure concerning realtor's responsibility to potential buyers concerning floodplain on a property.
2. Any other information concerning disclosure of floodplain issues on a property.
3. Examples of information that is required for a new property listing, specifically concerning floodplain.
4. Examples of MLS's or listings that include floodplain disclosures – either the property has floodplain or not.

Thank you again for you help.
