

## Central Vermont Regional Planning Commission

Date: January 25, 2021  
To: Municipal Officials and Interested Parties  
From: Bonnie Waninger, Executive Director  
Re: Request for Project Proposals for Transportation Planning and Studies

---

The Central Vermont Regional Planning Commission (CVRPC) is requesting proposals for transportation planning and studies to be completed in spring and summer 2021. Help us make getting around easier, safer, and more convenient for everyone by contributing your transportation planning and study ideas.

**CVRPC will complete ~\$20,000 in transportation special projects and studies using funding from the Vermont Agency of Transportation's Transportation Planning Initiative. These projects may use, but are not required to use, consultant services.** We would appreciate your ideas for projects that would benefit Central Vermont. Our funds cannot be used for construction; planning helps shape projects for future construction. Projects might include, but are not be limited to:

- rail, transit, park & ride, airport and bicycle/pedestrian/trail studies,
- intersection improvements,
- roadway corridor or freight studies,
- traffic circulation analysis,
- transportation capital budgets,
- multi-town road improvement plans,
- streetlight or traffic signal analysis,
- transportation user surveys
- transportation-related energy audit,
- road surface, sign, culvert/bridge, road erosion, & sidewalk inventories,
- infrastructure resilience improvements,
- traffic calming planning,
- asset management plan,
- applying green infrastructure to streets,
- active transportation plans,
- Complete Streets practices,
- Safe Routes to School planning
- 

Project ideas should be submitted in writing to Bonnie Waninger, Executive Director, [waninger@cvregion.com](mailto:waninger@cvregion.com) by **February 16, 2021** using the application form. Each submission will be reviewed and prioritized by CVRPC's Transportation Advisory Committee at its February 23, 2021 meeting. Project work begins April 2021.

The CVRPC provides planning and technical assistance in the areas of community development, transportation, natural resources, housing, economic development, and emergency management to 23 municipalities in Central Vermont, including all of Washington County and Orange, Washington, and Williamstown in Orange County. The collaboration between CVRPC, Central Vermont municipalities, and other related resource agencies results in the development and implementation of plans that support sustainable development and improve the region's environment and quality of life. For more information about the CVRPC, please visit [www.centralvtplanning.org](http://www.centralvtplanning.org).
