Becker

4:50 PM: H.439 FY22 Appropriations Act and ARPA Clean Water Funds - Pam DeAndrea

5:30 PM: CVRPC Clean Water Projects Update and Pipeline – Pam DeAndrea

5:50 PM: Other Announcements?

5:55 PM: Wrap-up. Next Meeting Date 7/8/21?

Persons with disabilities who require assistance or special arrangements to participate in programs or activities are encouraged to contact Nancy Chartrand at 802-229-0389 or chartrand@cvregion.com at least 3 business days prior to the meeting for which services are requested.

#### 1 CENTRAL VERMONT REGIONAL PLANNING COMMISSION 2 CLEAN WATER ADVISORY COMMITTEE 3 March 11, 2021 4 5 A meeting of the Central Vermont Regional Planning Commission's Clean Water Advisory Committee was held remotely on March 11, 2021 via GoToMeeting due to the COVID-19 6 pandemic and adhering to social distancing guidelines by the State of Vermont. 7 8 Committee Members Present: 9 John Brabant – Calais/Board of Commissioners 10 Amy Hornblas – CWAC Chair, Cabot/Board of Commissioners 11 Dona Bate – Montpelier City Council 12 Larry Becker, CWAC Vice Chair - Middlesex Conservation Commission 13 Joyce Manchester - Moretown TAC 14 Rich Turner – Williamstown Planning Commission/Board of Commissioners 15 Russ Barrett – Northfield Conservation Commission 16 Ron Krauth – Middlesex/Board of Commissioners 17 18 19 Committee Members Absent: Karen Bates – ANR 20 21 John Hoogenboom - Moretown Selectboard 22 23 Others Present: 24 CVRPC Staff: Pam DeAndrea 25 Danielle Owczarski, ANR 26 27 CALL TO ORDER Amy Hornblas called the meeting to order at 4:05 PM. 28 29 **PUBLIC COMMENTS** 30 None. 31 32 CHANGES OR AMENDMENTS TO THE AGENDA 33 Pam - Will start with Danielle when she gets here. Go over the minutes first, then have Danielle 34 present the Lamoille Basin Plan and then go over the CWSP letter. 35 **APPROVAL OF JANUARY 14 MINUTES** 36 Page 2 of the minutes, line 22. John motioned to accept January minutes as amended. Joyce 37 38 seconded. Motion carried. 39

## LAMOILLE TACTICAL BASIN PLAN

40

- Danielle Owczarski, Basin Planner with the Agency of Natural Resources (ANR) presented on
- 42 the update to the 2021 Lamoille Tactical Basin Plan.
- She mentioned the Basin 7 Public Survey and to please fill it out and provide comments. She
- went over the characteristics and geographic span of the basin.

- 1 Watershed Management Division is working on the 5-year update for the 2016 plan.
- 2 Plans identify actions and partners critical to implementation.
- 3 Contact Danielle anytime for input on the plan. More targeted feedback will be solicited from
- 4 RPCs in May. Ready for public comment by October.
- 5 Phosphorus reductions do not apply as much to Woodbury.
- 6 Pam asked about a stream geomorphic assessment on Kate Brook. Danielle and Stacy Pomeroy
- 7 are going to do a windshield survey along Kate Brook to see if a geomorphic assessment would
- 8 be beneficial.
- 9 Pam also mentioned some Class 4 roads that could benefit
- 10 Elmore Branch no longer on the stressed waters list for encroachment and were erosion issues.
- Had done some river corridor easements and river corridor easements. Will do more monitoring.
- May qualify for B1 classification for aquatic life.
- 13 Cooper Brook meets B1 for fishing use; meets criteria for trout.
- Pam asked about petitions for reclassifications. Danielle said they are in a standstill. Contact
- 15 Bethany Sargent and Ethan.
- 16 East Long Pond and Nichols Pond lay monitoring looked at clarity with a disc. Would like
- someone to collect samples there. Both ponds are considered high quality waters.
- Pam asked about the target reductions that will be set out by the CWSP rule aligning with the
- 19 Basin Plans. Will the targets that the secretary comes up with be the same in the plan or will the
- 20 timing not be ready yet.
- 21 Pam mentioned to be helpful to outline what we should focus on.
- Joyce said it would be also helpful that if the plans have the same structure.
- 23 Danielle last few plans have had the same layout and template.
- 24 Joyce curious to know if planning commissions or other planning groups use the plans.
- 25 Danielle not consistent with the state or regions. Dependent on the RPCs. NVDA will have the
- Towns when they are updating their Town plans to check into the Basin Plans. Working with
- F&W on wildlife focus resources that will include Tactical Basin Plans.
- Pam talked about how the Regional Plan addresses the Basin Plan and that Town Plans will often
- 29 address projects in the River Corridor Plans.
- 30 Danielle we look at priority projects in the River Corridor Plans with River Management.

31 32

### CLEAN WATER SERVICE PROVIDER RULE CVRPC COMMENT LETTER

- Pam went over the comment letter sent to the DEC from the CVRPC.
- Joyce "educational" should be a noun, not an adjective, like "educational component".
- 35 Joyce "quotations" is used more than once -should change second one.

36 37

### OTHER ANNOUNCEMENTS

- Pam went over the Plainfield Gully proposal being due tomorrow and that the DEC issued an
- 39 RFP on this project that we are responding to.
- 40 Funding for 3-acre sites Pam mentioned that she submitted two stormwater design projects for
- 3-acre sites that were both denied. One to the LCBP and one to the DIBG. Not sure how we will
- be able to support 3-acre site property owners in the future.

43 44

### **SCHEDULE**

- 45 Next meeting: May 13, 2021.
- 46 Meeting adjourned at 5:45 pm.

# **MEMO**

Date: May 5, 2021

To: Clean Water Advisory Committee
From: Pam DeAndrea, Senior Planner
Re: FY22 Clean Water Funds

#### FOR YOUR INFORMATION:

As you may have heard, Vermont will be receiving abundant funds from the American Rescue Plan Act (ARPA) for infrastructure improvements. Vermont will use some of these funds for stormwater treatment projects, but specific eligibility guidance is yet to be released by the US Treasury Department. Governor Scott has issued a plan for the ARPA funds and the breakdown is show in the attached budget table. For the next 3 years, the budget shows a total of \$75 million for stormwater retrofits, with \$10 million in FY22.

At the last Clean Water Board meeting this budget was discussed as well as H.439 (Clean Water portion of bill attached) passed by the Vermont House of Representatives and up for Senate Vote with amendments. This is the appropriations bill for FY22. The Clean Water Board discussed the changes in Clean Water Funding as a result of this bill and ARPA.

These were the main points of the meeting:

- H.439 removes the 6% Meals and Rooms Tax (MRT) for FY22, which went to the Clean Water Fund
- MRT is approximately \$10 million dollars each year for CW
- Loss of flexible funds for match and non-infrastructure projects with the loss of MRT funding
- ARPA will provide funds, but need to be expended by 2024
- May be a gap in construction funding for 2025 and 2026 due to ARPA ending and no new revenue
- Budget presented to Legislature by the CW Board is not fully supported by H.439 and will most likely need to be adjusted
- Will wait on guidance on ARPA eligibility for budget adjustment

Grand Total (billion)	1,029,500,000

- support at least five Financial and Clean Energy Coaches to assist Vermonters with low and moderate income in comprehensive financial coaching, including budgeting, debt reduction, credit building, and asset development, with an emphasis on reducing their reliance on carbon fuel-based technologies, and to support one statewide coordinator based at a Community Action Agency.
- (7) \$500,000 to the Agency of Transportation to grant to the Community Action Agencies to support the MileageSmart Program, established in 2019 Acts and Resolves No. 59, Sec. 34, as amended.
- (b) It is the intent of the General Assembly that \$100,000,000 in funding be provided to support the implementation of the Vermont Climate Action Plan between fiscal year 2023 and fiscal year 2025 from this source or other State or federal funds that may become available.
  - \* \* \* Clean Water Investments \* \* \*

#### Sec. G.700 WATER AND SEWER INVESTMENTS

- (a) \$115,000,000 in fiscal year 2022 is appropriated from ARPA Coronavirus State Fiscal Relief Funds as follows:
  - (1) \$10,000,000 for Stormwater Retrofit Projects as follows:
- (A) \$5,500,000 to the Department of Environmental Conservation to provide three-acre stormwater permitting design and construction support for entities subject to the Vermont 3- 9050 Stormwater General Permit and to provide design and construction for practices necessary to restore impaired waters subject to flow restoration plans.
- (B) \$1,000,000 to the Department of Forests, Parks and Recreation to support compliance with the 3-acre stormwater rule.
- (C) \$3,500,000 to the Agency of Transportation for the implementation of three-acre and flow restoration protection and clean water compliance expenditures for transportation infrastructure and to fund the municipal grants in aid program to address stormwater runoff from municipal roads.
- (2) \$10,000,000 to the Department of Environmental Conservation to support wastewater projects and pretreatment activities as follows:
- (A) \$8,000,000 to support the design and construction of up to 10 community-scale water or decentralized wastewater projects, or both, to support underserved designated centers.
- (B) \$2,000,000 to provide financial assistance to municipalities, Vermont businesses, and nonprofit entities to install or enhance pretreatment processes to address high strength or toxic wastes that otherwise require treatment at municipal expense by publicly owned treatment facilities.

- (3) \$10,000,000 to the Department of Environmental Conservation to assist municipalities to design and construct projects to reduce or eliminate wet weather sewer overflows.
- (4) \$5,000,000 to the Department of Environmental Conservation to reduce risk to public safety and the environment associated with State-owned dams.
- (5) \$5,000,000 to make repairs or improvements to water and wastewater systems in Vermont homes to be allocated as follows:
- (A) \$750,000 to the Department of Housing and Community Development to provide financial assistance or incentives for water system and water efficiency improvements as part of housing rehabilitation projects.
- (B) \$4,250,000 to the Department of Environmental Conversation as follows:
- (i) \$1,000,000 to increase the funds available for loan forgiveness to replace failed residential on-site wastewater and water supply systems.
- (ii) \$3,250,000 to provide financial assistance or loan forgiveness to mobile home parks to improve drinking water, wastewater, stormwater, and drainage systems.
- (6) \$10,000,000 to the Department of Environmental Conservation for allocation by the Clean Water Board established under 10 V.S.A § 1389, as part of their budget process in fiscal year 2022.
  - (7) \$50,000,000 shall carry forward to be used as follows:
- (A) \$20,000,000 for allocation by the Clean Water Board established under 10 V.S.A § 1389 as part of their budget process in fiscal year 2023 and 2024;
- (B) \$30,000,000 for allocation in fiscal year 2023 and 2024 by the Department of Environmental Conservation for drinking water, sewer, and stormwater infrastructure projects, including dam safety improvements and CSO abatement. The Department shall provide the General Assembly a list of the projects allocated for funding during the annual budget development process for fiscal years 2023 and 2024.
- (8) \$15,000,000 to be used to the extent capital funds have been appropriated to projects supporting water and sewer infrastructure in fiscal year 2022 and capital appropriations can be offset for reuse for future capital construction projects in the fiscal years 2022 2023 capital budget adjustment process. On or before December 15, 2021, the Commissioner of Finance and Management shall review and recommend water and sewer infrastructure projects funded in fiscal year 2022 that could be funded with ARPA funds to the Chairs of the House Committee on Corrections and Institutions and the

Senate Committee on Institutions and to the Governor for the fiscal years 2022–2023 capital budget adjustment report.

- Sec. G.701 CLEAN WATER THREE YEAR REVENUE ALLOCATION CHANGE
- (a) In fiscal years 2022 through 2023, revenues from the meals and rooms taxes imposed under 32 V.S.A. chapter 225 shall be allocated by fiscal year notwithstanding 10 V.S.A. § 1388 (a)(4) and notwithstanding 32 V.S.A. § 435(b)(7) as follows:
  - (1) To the Clean Water Fund:
    - (A) Zero percent in fiscal year 2022.
    - (B) Two percent in fiscal year 2023.
    - (C) Four percent in fiscal year 2024.
  - (2) To the General Fund:
    - (A) Seventy-five percent in fiscal year 2022.
    - (B) Seventy-three percent in fiscal year 2023.
    - (C) Seventy-one percent in fiscal year 2024.
- (b) It is the intent of the General Assembly that in fiscal year 2025 the allocation of meals and room taxes be allocated to the Clean Water Fund at six percent as specified in 10 V.S.A. § 1388(a)(4).

\* \* \* Effective Dates \* \* \*

#### Sec. H.100 EFFECTIVE DATES

- (a) This section and Secs. B.1104 (fiscal year 2022 one-time transportation fund appropriations), C.100 through C.109 (fiscal year 2021 one-time appropriations, adjustment and amendments), E.234 (building efficiency goals), E.234.1 (Home Weatherization Assistance Program), E.234.2 (Public Utility Commission proceeding), E.234.3 (development of weatherization workforce and counseling services; reports), E.234.4 (Energy Saving Fund), F.112 (onetime salary payments authorized), G.300(a)(2) (workforce investments), G.400 (b)(1) (housing and homelessness related investments), and G.500 (a)(2)(E 911 funds) shall take effect upon passage.
- (b) Sec. E.306.1 (Vermont Health Benefit Exchange) shall take effect on October 1, 2021.
  - (c) All remaining sections shall take effect on July 1, 2021.
