Winooski Clean Water Service Provider (CWSP) and Basin Water Quality Council (BWQC) Info Sessions

Central Vermont Regional Planning Commission, CWSP for the Winooski Basin, is hosting two informational sessions for municipalities, groups, and individuals interested in water quality issues in the Winooski watershed. The Winooski CWSP and BWQC will be playing an important role in the prioritization of clean water projects and helping those projects access funding.

The goal of these sessions is to provide information and an idea-sharing opportunity relating to:

- startup of CVRPC's activities as the CWSP for the Winooski basin; and
- formation of the Winooski BWQC and solicitation of members
