

FY22 ANNUAL REPORT -- TOWN OF MARSHFIELD

The Central Vermont Regional Planning Commission (CVRPC) provides planning, development, and project implementation services to its 23 municipalities in Washington and western Orange Counties. Municipalities in the region are entitled to equal voting representation by a locally appointed member to the governing Board of Commissioners. CVRPC has no regulatory or taxing authority; each year, we request a per capita assessment from our members in support of local and regional planning activities and to help offset costs and provide local matching funds needed for state and federal funding. Your continued support for local and regional planning is appreciated! CVRPC is your resource – please contact us at 802-229-0389 or cvrpc@cvregion.com for assistance.

FY22 Marshfield Activities

- ❖ Identified eligible roads for Grants in Aid construction funds, assisted in obtaining funds to get new equipment and helped manage those funds.
- ❖ Reviewed new project summary and gathered input for an AOT project on Route 2 through Cabot and Marshfield. Ensured past studies and town input was considered in the current planning and design work.
- ❖ Provided project management services and coordinated 2021 Local Hazard Mitigation Plan update.
- ❖ Provided information and guidance on ARPA project eligibility and prioritization process.
- ❖ Supported Marshfield's effort to access an EPA Recreation Economy technical assistance grant.
- ❖ Attended Energy Committee meetings and provided guidance and resources for Enhanced Energy Planning, development of community solar projects and municipal off-take solar project, and matching grant programs to support municipal building energy efficiency and weatherization projects.
- ❖ Provided guidance and resources to Energy Committee Chair about potential EPA Clean School Bus Program application.

Commissioner**
Robin Schunk
**FY22 Transportation
Advisory Committee**
Robin Schunk

CVRPC Projects & Programs

- ❖ **Municipal Plan and Bylaw Updates:** Focus on predictable and effective local permitting through educational initiatives, bylaw modernization and municipal plan updates.
- ❖ **Brownfields:** Complete environmental site assessments so properties can be sold, developed or redeveloped to benefit the economy, create/protect jobs and increase housing opportunities.
- ❖ **Transportation Planning:** Provide studies, plans, data collection, and traffic counts. Coordinate local involvement in transportation planning through the Transportation Advisory Committee.
- ❖ **Emergency Planning:** Prepare the region for natural disasters and other emergencies by coordinating with local volunteers and the State on emergency planning, exercises, and training.
- ❖ **Climate and Energy Planning:** Support projects to reduce municipal and residential energy burdens, reduce total energy consumption, expand renewable energy resources, and build climate and energy resilience.
- ❖ **Natural Resource Planning:** Protect water resources, improve water quality, promote ecological function, preserve forest blocks and habitat connectors, enhance recreational opportunities and support the agricultural and forest products industries.
- ❖ **Regional Plans:** Coordinate infrastructure, community development, and growth at the regional level through the preparation, adoption, and implementation of a regional plan.
- ❖ **Geographic Information System Services:** Collect, analyze, store and distribute data for regional projects and programs. Offer fee-for service GIS support to municipalities and non-governmental organizations.
- ❖ **Clean Water Service Provider:** Engage watershed and land conservation organizations, Regional Planning Commissions, Natural Resources Conservation Districts and municipalities to identify and fund water quality projects to achieve phosphorous reduction targets
- ❖ **Special Projects:** Complete special projects, such as downtown revitalization, recreation paths, farmland preservation, economic development, and affordable housing projects.
- ❖ **Grants:** Identify appropriate grant sources, define project scopes, and write grant applications.
