

## **CENTRAL VERMONT REGIONAL PLANNING COMMISSION**

### **MAJOR AREAS OF WORK**

#### **Transportation**

##### *Municipal Technical Assistance*

- Provide technical assistance to member municipalities regarding proper procedures and compliance with state and federal transportation law.
- Collect and evaluate data that assists municipalities to inventory, assess, and address deficiencies in transportation infrastructure, and to plan for future transportation needs. Activities include, but are not limited to: traffic, bicycle and pedestrian, and park-and-ride counts; infrastructure assessments; road erosion inventories; and speed studies.

##### *Regional Planning*

- Consult with Vermont citizens and local officials on transportation policy, planning and project development and carry out activities in CVRPC's Transportation Planning Initiative agreement.
- Serve as staff support and a technical resource for the region's Transportation Advisory Committee.
- Work with the Finance/Office Manager and Executive Director on administration and management of the regional transportation planning program, including, but not limited to preparing and administering project proposals, work plans, budgets, and contracts, and soliciting, managing, and supervising consultants.
- Assist in the development of short- and long-range studies and Regional Plan updates.
- Consult with other staff on project reviews as they relate to transportation issues, including but not limited to Act 250 and Section 248 hearings and state facility siting.
- Participate in multi and intermodal transportation planning and policy development.
- Provide transportation planning support to special projects in all areas of community and economic development.
- Staff the State Emergency Operations Center when activated by the Department of Emergency Management and Homeland Security.
- Carry out activities in CVRPC's Transportation Planning Initiative agreement with the Vermont Agency of Transportation.
