## ATTACHMENT A

### SCOPE OF SERVICES

#### **Resilience Initiative for Vermont Empowerment and Recovery (RIVER)**

##### **Goal:**

**Implement projects that lessen flood damage in recently impacted communities, especially where impacts were to businesses, government buildings, or housing.**

##### **Overall Strategy:**

Conduct a public process informed by engineering expertise to create a targeted list of locally supported, doable, priority projects likely to be funded through FEMA's HMGP program.

During this process, also collect other projects or actions that have community support to reduce future flood damages that are feasible and likely to have a funding source.

##### **Work Details:**

RPC must conduct the following steps. Where current or past work is duplicative, RPC may seek TRORC permission to skip or modify a step. Where public in-person meetings are involved, RPC will provide at least 2 staff. Where virtual meetings are involved, RPC will provide virtual meeting capacity, and have both a meeting facilitator and a person to handle the virtual meeting room.

RPC will provide a brief follow-up summary after each step to TRORC by email. RPC will retain recordings/minutes of all meetings. RPC will retain copies of notices and outreach. RPC will document all social media posts.

Two processes are anticipated in this Scope, one for Montpelier involving Plainfield and Middlesex, and one for Barre involving Berlin. Additional communities may be added at the RPC's discretion, provided that the focus remains on reducing flood damage in the main communities, and that the project remains within budget.

#### **Steps (hours are approximate to show level of anticipated work)**

##### **Step 1 RPC kickoff meeting with TRORC (6 hours)**

Attend in-person kickoff meeting with RPC and TRORC staff. Main goal of project is to identify **projects to reduce flood damage** that will be **eligible for FEMA** funding and that have **strong community support**.

1. Review projects from HMA guidance
2. Review non-FEMA projects that might come out of the process
3. Review overall RIVER process

##### **Step 2 Current flood reduction effort 'mapping' (20 hours)**

RPC will gather current and recent flood reduction studies, local hazard mitigation plans, create contact list of people and organizations involved in flood reduction, including any long-term recovery group, watershed groups or other groups in addition to municipal officials. RPC will provide a summary to TRORC. RPC will familiarize themselves with HMA guidance.

**Step 3 Public outreach plan (5 hours)**

To ensure wide participation, RPC will prepare a public outreach plan for TRORC review. At a minimum, outreach plan will include newspaper display ads, radio ad, social media, physical posting, and targeted outreach, especially to marginalized groups/areas affected. TRORC will provide a central web input form.

**Step 4 Town RPC pre-meeting zoom w TRORC (1 hour)**

Attend virtually a short meeting with TRORC to go over the initial town meeting and expectations/likely questions in preparation.

**Step 5 Initial meeting with town(s) (10-20 hours)**

After public notice, meet with affected town Selectboards/City Councils in-person at their meeting to explain project overview, provide opportunity to ask questions. This meeting is to build buy-in to eventual projects. As Selectboards/City Councils will be the main applicants for HMGP, as well as supplying potential match, it is important they understand the project and are comfortable. If multiple municipalities are involved, the RPC may choose to conduct a joint Selectboard/City Council in lieu of individual meetings. The RPC will identify a lead contact from each Selectboard/City Council as the authorized representative. Outcome: Selectboards understands the scope of the project and reaffirm participation.

**Step 6 Public kickoff RPC pre-meeting zoom w TRORC (1 hour)**

Attend virtually a short meeting to go over the initial public forum expectations/likely questions in preparation.

**Step 7 Project review with engineers (5 hours)**

RPC staff meet with engineering contractor to review contractor's ideas for projects.

**Step 8 Initial public forum (6 hours) (Note: depending on work to date, RPC may combine steps 8-10 as needed)**

Provide at least 15 days public notice and other outreach in accordance with the approved outreach plan. This virtual forum is similar to the Selectboard/City Council meeting except the goal here is for the public at-large to have plenty of time to understand the project and be able to ask questions. Ensure this meeting is coordinated with any active flood recovery groups. This forum is facilitated by RPC staff. Outcome: Public understands the scope of the project and how to participate, Selectboard is aware of public concerns.

**Step 9 Project area definition (8 hours)**

Discussion with engineering contractor, representatives of Selectboards/City Councils, and other local groups to define project area spatially. RPC creates project area map.

**Step 10 Flood damage reduction project brainstorm (12 hours)**

Open community meeting with large outreach and support, preferably a Saturday. Ensure Selectboard participation. Bring up all engineering ideas if not raised by public. Outcome: Get all ideas on the table and reinforce the main 'box' of FEMA applications, and then other ideas.

**Step 11 Project vetting (4 hours)**

Internal meeting(s) with RPC, VEM, and engineering firm to review brainstorm projects and put them into FEMA/Non-FEMA buckets. Outcome: Eliminate any wild ideas, clear up task questions before engineers do their stuff.

**Step 12 Initial conceptual selection (10-20 hours)**

Public review of brainstorm session list and vetting results with Selectboards/City Councils. Wide notice again, ensure marginal people have access. Outcome: Modest amount of projects with support chosen for continued evaluation and development.

**Step 13 Conceptual engineering (NA)**

Internal process step TRORC manages. Engineering contractor reviews existing data and does needed data collection, does hydraulic modeling as needed, and develops rough concept design, project budget and timeline, and does preliminary benefit-cost analysis based on expected efficacy.

**Step 14 Project review by RPC (5 hours)**

Internal review of concepts by RPC staff prior to public meeting. Goal is to understand why some made it through and others did not so that public meeting can focus on selecting still viable projects.

**Step 15 Final Selection (may need more than one meeting) (10-20 hours)**

Presentation of still viable projects, and why some no longer in consideration. Public meeting(s) with wide notice to formally select projects for full application development. This may involve joint meetings if more than one municipality is involved as a unified set of applications is needed. It may involve a public meeting or hearing with a wide range of groups but will end with Selectboard(s) action. Need support for likely match amounts, but not guarantee. RPC staff should keep in mind that any final actions developed under this project, are not meant as *possible* future actions, but actions that the affected communities are willing to eventually commit to. Outcome: Selected priority projects by Selectboards for full application development.

**Step 16 Final engineering and grant preparation (20 hours)**

This step is in-house engineering work for the selected projects done by the TRORC contractor in coordination with VEM as needed in preparing applications. RPC follows at awareness level of engineering outputs of selection of alternative(s) analysis, permitting, development of concept design(s), clear scope of work, project budget and timeline, final benefit/cost analysis (BCA). RPC coordinates sharing of application details with municipality and gets municipal approval of applications. RPCs may also need to work with VEM on revising/altering selected projects if a project fails to meet FEMA benefit/cost levels. Outcome: Approved HMGP applications.

**Step 17 Non-FEMA project next steps (20 hours)**

RPC reviews non-FEMA project ideas and identifies funding paths, where available. RPC ensures viable projects are handed off to who will work on it next.

### STANDARD MASTER AGREEMENT FOR SERVICES

This agreement for PROJECT MANAGEMENT SERVICES (hereinafter "Agreement") is hereby made effective as of the 6th of June, 2023 (hereinafter the "effective date") by and between the Central Vermont Regional Planning Commission (hereinafter "CVRPC"), in its role as the Clean Water Service Provider for the Winooski River Basin, with its place of business located at 29 Main Street, Suite 4, Montpelier, VT 05602, and VERMONT NATURAL RESOURCES COUNCIL (hereinafter "SUBGRANTEE") having offices located at 11 Baldwin Street, VT 05602. The CVRPC and SUBGRANTEE are collectively referred to herein as the "Parties".

WITNESSETH THAT:

WHEREAS, CVRPC has entered into an agreement with the Department of Environmental Conservation pursuant to which CVRPC will receive funding to serve as the Clean Water Service Provider for the Winooski River Basin to assess, identify, develop, design, implement, operate, maintain and inspect non-regulatory, phosphorous-reduction water quality improvement projects to meet a phosphorous-reduction target specified by the VT Department of Environmental Conservation; and

WHEREAS CVRPC, in its role as the Clean Water Service Provider for the Winooski River Basin, will solicit Calls for Applications; and

WHEREAS CVRPC, in conformance with the agreements and contracts, intends to grant sub-awards or enter into contracts (Project Contracts) with qualified municipalities and organizations for advancing water quality improvement projects prioritized by the CVRPC, in its role as the Clean Water Service Provider for the Winooski River Basin, and the Winooski Basin Water Quality Council; and

WHEREAS, the CVRPC has selected SUBGRANTEE, and SUBGRANTEE has agreed to perform the services for the terms and conditions set forth herein; and

WHEREAS, CVRPC and SUBGRANTEE wish to enter into this Master Agreement for Project Management Services ("Master Agreement") and agree that the terms and conditions herein shall govern all Project Contracts between the Parties.

NOW THEREFORE, in consideration of the mutual covenants and agreements contained herein, the Parties, intending to be legally bound hereby, agree with each other as follows:

### **Article 1 - Engagement**

1.1 This Master Agreement shall govern all Project Contracts hereafter entered into between the Parties and shall supersede any other agreement or contract whose terms conflict herewith. The CVRPC hereby engages SUBGRANTEE, and SUBGRANTEE hereby agrees to perform, the services set forth herein in accordance with the terms and conditions in this services contract.

1.2 There is no minimum guarantee of any work under this contract. (See Article 7 for Terms and Conditions.)

1.3 The CVRPC shall pay SUBGRANTEE for these PROJECT MANAGEMENT SERVICES based on labor rates found in Attachment A. Individual projects under the contract will be released on a Task Order basis when the CVRPC, in its role as the Clean Water Service Provider for the Winooski River Basin, and the Winooski Basin Water Quality Council elect to proceed with a project.

1.4 The person in charge of administering the services under this Agreement on behalf of the CVRPC shall be Brian Voigt, (hereinafter the "CVRPC Representative") or such other officer of the CVRPC as shall be designated.

1.5 The person responsible for the services to be performed by SUBGRANTEE shall be Karina Dailey (hereinafter "SUBGRANTEE Representative") or such other person representative of SUBGRANTEE as is designated in writing by SUBGRANTEE and accepted by the CVRPC.

### **Article 2 - Description of Services**

2.1 SUBGRANTEE shall perform the services set forth under Article 3 of this Agreement in a satisfactory manner, as reasonably determined by the CVRPC and based upon applicable regulations and accepted work practices specific to the type of services rendered. Task Orders will be on a time and materials basis, cost not to exceed an approved budget amount without prior authorization of the CVRPC, in its role as the Clean Water Service Provider for the Winooski River Basin, and the Winooski Basin Water Quality Council. SUBGRANTEE shall make such revisions or modifications to its work, at its own cost and expense, as may be required by the CVRPC, in its role as the Clean Water Service Provider for the Winooski River Basin; provided, however, SUBGRANTEE shall not be required to make such revisions at its sole cost and expense where the revisions are based upon considerations

outside the scope of services initially proposed to SUBGRANTEE in the Project Scope of Work.

2.2 All reports, drawings, and documents prepared by SUBGRANTEE under this agreement shall be submitted to the CVRPC for review and approval. The CVRPC shall review and respond to materials submitted by SUBGRANTEE within thirty (30) calendar days.

In the event the CVRPC disapproves of any of the submitted materials, or any portion thereof, or requires additional material within the scope of services to properly review the submission, SUBGRANTEE shall revise such disapproved work and submit the revised work or the additional required material for review and approval. Should these services result from corrections or revisions required because of errors or omissions by others not retained by SUBGRANTEE or are necessitated by a change in scope through no error of SUBGRANTEE, then compensation shall be as per Sub article 6.6.

2.3 In performing the scope of services required under this agreement, SUBGRANTEE shall consult with the CVRPC Representative, as appropriate, with other CVRPC employees or officials and with other persons or entities, as necessary, including the general public (through a process approved by CVRPC), local groups and organizations.

2.4 All of the materials prepared by SUBGRANTEE and paid for by the CVRPC under this agreement shall be the property of the CVRPC and will be used for reliance by them, the State of Vermont - Department of Environmental Conservation, and any participating municipality within which the project is located as designated by CVRPC.

### **Article 3 - Scope of Services**

3.1 SUBGRANTEE will provide CVRPC with a separate proposal for each project in response to a Call for Applications issued by CVRPC in its role as the Clean Water Service Provider for the Winooski River Basin. Unless otherwise agreed, each proposal will be prepared at SUBGRANTEE's expense. Each proposal will include a Project Scope of Work, Project Organization and Staffing, Project Schedule with specified Commencement and Completion Dates, a lump sum or not-to-exceed Project Cost Estimate, and Project Minority Business Enterprise / Women's Business Enterprise (MBE/WBE) Fair Share Information. Each proposal will incorporate this Agreement by reference and shall be signed by SUBGRANTEE.

3.2 CVRPC, in its role as the Clean Water Service Provider for the Winooski River Basin, along with the Winooski Basin Water Quality Council reserve the

right to negotiate and approve or disapprove each proposal submitted. Proposals will be approved via a signed Engagement Letter (See Attachment B). Once a proposal has been approved, it shall become a Sub-grant or Contract, binding upon the Parties, and no changes to any Sub-grant or Contract shall be valid unless in writing and executed by the Parties.

3.3 CVRPC, in its role as the Clean Water Service Provider for the Winooski River Basin, may, but need not, continue to contract with SUBGRANTEE for additional work on a project. Additionally, CVRPC reserves the right to award additional work to another prequalified contractor and/or put additional work out to competitive bid.

3.4 SUBGRANTEE will provide timely reports, invoices, and feedback to ensure compliance with reporting requirements.

#### **Article 4 - Information to be furnished to Contractor**

4.1 The CVRPC shall provide SUBGRANTEE with all documents, data, and other materials in its possession appropriate to the services to be performed hereunder, and will endeavor to secure materials or information from other sources reasonably requested by SUBGRANTEE for the purpose of carrying out services under this Agreement.

#### **Article 5 - Time of Performance**

5.1 Time is of the essence in the performance of the scope of services under this Agreement. SUBGRANTEE shall commence performance of the services immediately upon execution of an Engagement Letter and shall proceed diligently and continuously to completion. SUBGRANTEE shall use its best efforts to perform the services so as to ensure that the requested scope of work described in the Project Scope of Work is complete within the proposed timeframe of this task order.

5.2 SUBGRANTEE shall perform services set forth in Article 3 of this Agreement at such times and in such sequence as may be required to successfully complete the scope of services.

5.3 This agreement shall remain in effect for a 3-year period ending on June 5, 2026, unless otherwise extended by CVRPC, in its role as the Clean Water Service Provider for the Winooski River Basin.

#### **Article 6 – Compensation**

6.1 Compensation will be based on subsequent task orders for individual projects and based on labor rates for all job categories and overhead rate and fee (Attachment A). This fee will be included in the Project Scope

of Work and referenced in the Engagement Letter (Attachment B) and will not to be exceeded without CVRPC's prior approval. If the work described in any invoice has not been completed to the satisfaction of CVRPC, as determined by the CVRPC Representative, CVRPC reserves the right to withhold payment until the invoiced work has been satisfactorily completed. Overdue balances resulting from non-payment for unsatisfactory work will not be subject to interest or finance charges. The final payment will be paid upon final project completion and acceptance by the CVRPC.

6.2 The CVRPC shall compensate SUBGRANTEE for satisfactory performance of the services required under Article 3 of this Agreement.

6.3 Monthly Report. SUBGRANTEE will provide brief summaries of technical information to assist CVRPC in preparing these reports at no additional charge.

6.4 Optional Services. Payment for optional services requested by the CVRPC, in its role as the Clean Water Service Provider for the Winooski River Basin, will be measured on a time and materials basis, using the SUBGRANTEE Labor and Rates included in Attachment A. If requested by the CVRPC, SUBGRANTEE will provide cost estimates for any or all of these services, which will be incorporated as Addenda to this Agreement.

6.5 Compensation provided under this Article constitutes full and complete payment for all costs assumed by SUBGRANTEE in performing the scope of services under this Agreement.

6.6 Payments to SUBGRANTEE under this Agreement shall be made by the CVRPC within thirty (30) days of submission of approvable invoices certified by the SUBGRANTEE Representative. Each invoice shall be accompanied by a letter summarizing the associated services performed and percentage complete. Invoices will be submitted by SUBGRANTEE to the CVRPC on a monthly basis and should be received by the 15th of the month if charges apply. An invoice template will be provided to the SUBGRANTEE by CVRPC.

6.7 Services rendered by SUBGRANTEE under this Agreement which are measured for payment on a time and materials basis shall utilize the rates as provided in Attachment A. These rates are to remain in effect for the first two years of this Agreement and may then be renegotiated on an annual basis. CVRPC reserves the right to reject new rates proposed.

#### **Article 7 - Terms and Conditions**

7.1 This agreement is subject to and incorporates the Contracting Provisions in Attachments C and D. Other Contracting Provisions may be incorporated at a later date if an alternate funding source is used.

7.2 This Agreement, its Terms and Conditions and any claims arising there from, shall be governed by Vermont law. SUBGRANTEE shall comply with all applicable laws, ordinances, and codes of the Federal government, the State of Vermont, and the municipalities within the CVRPC region or in which work is being conducted.

7.3 The CVRPC, in its role as the Clean Water Service Provider for the Winooski River Basin, and SUBGRANTEE each binds itself, its partners, successors, assigns, legal representatives to the other party to this Agreement and to its partners, successors, assigns, legal representatives of such other party with respect to all covenants of this agreement.

7.4 This Agreement incorporates all the understandings of the parties hereto, and supersedes any and all agreements reached by the parties prior to the execution of this Agreement, whether oral or written, as to the matters contained herein.

7.5 Any waiver of the Terms and Conditions of this Agreement by either of the parties hereto shall not be construed to be a waiver of any other term or condition of this agreement.

7.6 Should changes to the scope of work under this Agreement be required, such changes and associated modifications in the amount of SUBGRANTEE's compensation shall be mutually agreed upon by the CVRPC and SUBGRANTEE and incorporated in written amendments executed by both parties to this Agreement.

7.7 Except as otherwise specifically provided in this Agreement, whenever under this Agreement approvals, authorizations, determinations, notices, satisfactions or waivers are required or permitted, such items shall be effective and valid only when given in writing signed by the CVRPC Representative or SUBGRANTEE Representative and delivered in hand or by mail to the party to whom it is directed, which until changed by written notice, are as follows:

SUBGRANTEE:  
Karina Dailey, Restoration Ecologist  
11 Baldwin Street  
Montpelier, VT 05602

CVRPC:  
Christian Meyer, Executive Director  
29 Main Street, Suite 4  
Montpelier, VT 05602

7.8 No officer, member, or employee of the CVRPC or SUBGRANTEE, its designees or agents and no member of its governing body who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of this project, shall participate in any decision relating to this Agreement which affects his/her personal interest or the interest of any corporation, partnership, or association in which he/she is directly or indirectly interested, or have any personal or pecuniary interest, direct or indirect, in this Agreement or the proceeds thereof.

7.9 SUBGRANTEE shall not assign any interest or responsibility in this Agreement and shall not transfer any interest in the same (whether by assignment or notation) without written approval of the CVRPC, in its role as the Clean Water Service Provider for the Winooski River Basin, provided, however, that claims for money due or to become due to SUBGRANTEE from the CVRPC under this Agreement may be assigned to a bank, trust company, or other financial institution, or to a trustee in bankruptcy, without such approval. Notice of any such assignment or transfer shall be furnished promptly.

7.10 Sanctions for Noncompliance. SUBGRANTEE is hereby advised that failure of the SUBGRANTEE, or any subcontractors performing work under this Agreement, to carry out the requirements set forth in this Agreement shall constitute a breach of contract and, after the notification of the CVRPC funding source, may result in termination of this contract by the CVRPC or such remedy as the CVRPC deems necessary.

7.11 Termination for Cause or for Convenience. In the event the SUBGRANTEE materially fails to comply with any term of this Agreement, CVRPC may take one or more of the following actions, as appropriate in the circumstances:

- a. Temporarily withhold cash payments pending correction of the deficiency by the SUBGRANTEE or more severe enforcement action by the CVRPC;
- b. Disallow all or part of the cost of the activity or action not in compliance;
- c. Wholly or partly suspend or terminate the current award for the SUBGRANTEE 's program;
- d. Withhold further awards for the program; or
- e. Take any other remedies that may be legally available.

In taking an enforcement action permitted above, the CVRPC will provide the SUBGRANTEE with an opportunity for such hearing, appeal, or other

administrative proceeding to which the SUBGRANTEE is entitled under any statute or regulation applicable to the action involved.

Costs resulting from obligations incurred by the SUBGRANTEE during a suspension or after termination are not allowable unless the CVRPC, in its role as the Clean Water Service Provider for the Winooski River Basin, expressly authorizes them in the notice of suspension or termination or subsequently. Other SUBGRANTEE costs during suspension or after termination which are necessary and not reasonable avoidable are allowed if the costs result from obligations which are properly incurred by the SUBGRANTEE before the effective date of suspension or termination.

Except as provided above, this Agreement may be terminated by mutual consent of the CVRPC and the SUBGRANTEE subject to written termination conditions, including the effective date, and in the case of partial termination, the portion of the Agreement to be terminated, or by the SUBGRANTEE upon written notification to the CVRPC, setting forth the reasons for such termination, the effective date, and in the case of partial termination, the portion to be terminated. However, if, in the case of partial termination, the CVRPC determines that the remaining portion of the award will not accomplish the purposes for which the Agreement was made, the CVRPC, in its role as the Clean Water Service Provider for the Winooski River Basin, may terminate the award in its entirety under the methods described above.

In the event of termination, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photos and reports or other materials prepared by the parties under this Agreement shall become the property of the funding source and the CVRPC. The SUBGRANTEE and any subcontractor(s) shall be entitled to receive just and equitable compensation for any said work completed on such documents, data, studies, surveys, drawing, maps, models, photos and reports or other materials.

IN WITNESS WHEREOF, the Parties, intending to be legally bound, have executed two counterparts of this Agreement as of the day, month and year as first written above.
