
Central Vermont Regional Planning Commission Clean Water Advisory Committee

Winooski Clean Water Service Provider & Project Funding Opportunities

Join the Central Vermont Regional Planning Commission and the Winooski Natural Resources Conservation District to explore Act 76 funding for innovative, cost-effective water quality projects. As the Winooski River Basin Clean Water Service Provider, CVRPC partners with local, regional, and state organizations to prioritize phosphorus reduction efforts. The Winooski NRCD is a prequalified clean water partner and works to protect and restore rivers and streams across Central Vermont. Learn about available funding and current projects in development, design, implementation, and maintenance.

Speakers
