
CVRPC Municipal Consultations

Flood Bylaw & River Corridor Updates

The Central Vermont Regional Planning Commission (CVRPC) stands ready to help municipalities prepare for the implementation of the Flood Safety Act. CVRPC Staff are available to review municipal bylaws to ensure they meet new state regulations and comply with National Flood Insurance Program (NFIP) requirements. CVRPC Staff can also help navigate the broader planning process needed to ensure your municipality qualifies for the maximum level of disaster relief funding. Advance planning is an important step in preparing your community for future floods.

Key Points:

- ♦ **Vermont:** will require bylaws meet the minimum standards specified in the Department of Environmental Conservation Model Flood Hazard Bylaws
 - ♦ **FEMA:** is updating the maps and reviewing bylaws to ensure compliance
 - ♦ **CVRPC:** is here to support your community, ensure towns meet minimum NFIP requirements and are eligible for maximum relief assistance
-
