4 **Regional Plan Public Q&A Sessions**

5 Staff provided an overview of four upcoming public Q&A sessions focused on the
6 Regional Plan, adoption process, municipal planning authority, and Future Land Use
7 Map. A new FAQ document has been distributed to legislative bodies, planning
8 commissioners and municipal administrators/clerks. An invite flyer was distributed
9 with the revised Regional Plan and Maps to all municipal. Commissioners were
10 asked to post the invite on Front Porch Forum.

12 **Regional Plan Updates**

13 Staff stated that revisions to the Regional Plan as warned were based on public,
14 municipal, agency, and Land Use Review Board (LURB) comments. Clean and
15 redlined versions are available online. Updates include revised maps, updated data,
16 and clarifications to the text.

17
18 The Board of Commissioners is scheduled to consider adoption on October 20, 2026
19 with the goal of securing LURB approval before the end of 2026. Staff clarified that
20 no map changes could be made before the 10/20 vote, but that future amendments
21 will provide opportunities to address additional map change requests, including
22 those from municipalities like Waterbury.

24 **Board Vote and Beyond**

25 Staff discussed the current understanding of standard, minor and non-minor
26 amendment processes. Substantive revisions will require a full 2-hearing process,
27 while some map changes for less than 10 acres can be made in 15 days. The
28 Committee discussed the importance of communicating opportunities for future
29 changes, particularly to municipalities.

30
31 D. Greason encouraged the Committee to identify what they liked in the current
32 plan, and identify higher-level issues to focus on in the full rewrite. He also
33 encouraged the Committee to review other RPC's Plans.
